

PROPOSES TO MOVE THE PUMPING STATION

A Citizen Suggests This Would Be Better Than
Spending \$7,000 to Put It on
Stilts.

HOW TO SOLVE EAST END SEWER PROBLEM

The exclusive publication in the News Review of the detailed requisition of the board of public service to be made on council was read with much general interest last evening, and among the councilmen and other departments of the city there was considerable discussion regarding it, more especially, however, was interest centered on the request of the board for \$7,000 to be used in raising the lower pumping station and adding needed improvements to it. As a result of the deliberations of those interested it seems that the board of public service will appeal in vain for that money. It is considered an unwise move and will meet serious opposition.

Council is empowered to dispense the city's fund according to its own discretion. However, there is a limit to that distribution, the departments each having so much due them by the levy made at the beginning of the fiscal year and council cannot overreach it. This necessitated the order of council that no board or department make requisition for an amount exceeding that apportioned them by the levy. All this considered council will be extremely careful in making the appropriations this time and each board will undoubtedly be held down. Notwithstanding its determination to remain within the limit of the levy, council is willing to appropriate any money, if it can be done lawfully, for any improvement absolutely necessary for the betterment of the city's water works department. And while the members of council have not expressed themselves as being willing to appropriate a certain sum to the service board for improving the lower pumping station, they would not doubt do so if they thought it practicable. It is understood that they do not think it the proper move to spend \$7,000 as proposed by the service board, and will blot out that portion of the requisition.

There is a plan, however, which would be of great benefit to the city in improving the pumping station and it is thought that council would not

oppose it strongly, if it can be shown that there is sufficient money in the treasury of the water works to carry it out. A resident and taxpayer who has given the subject much consideration made the following statement this morning, which explains fully the proposition:

"I think it would be absurd for the water works department to spend \$7,000 for the raising of the lower pumping station and other improvements around it.

"If the money is to be expended why not add a little more to it, say \$3,000 or \$4,000, and remove the station to a place where there is no danger of floods? I would advise that the station be moved to the East End. If this is done the station will not have to be placed on stilts. It will be free from flood damage at all times. If this should be done East End citizens would profit greatly along another line. As it is now they have no sewer protection whatever. The state laws will not allow a sewer to empty into the Ohio river at a point less than four miles from the intake of the water works pumping station. Consequently the East Enders are tied up. They need sewers badly at the present time, and in the future will need them worse. If the pumping station remains where it now is, they can never have a sewer outlet in the East End.

"I say that the pumping station should be removed to some high point in the East End, and think every citizen will agree with me. To prove that the East Enders cannot run their sewers into the river, read the letter received last week by Mayor Weaver from Secretary Probst, of the state health board. He had heard that there was talk of emptying a sewer into the river between the pumping station and the East End and he notified the mayor immediately that it could not be done. It would be a good idea to move the pumping station for another reason. Where it is now situated it gets a certain per cent of the Chester sewers, and that alone should be sufficient cause to remove the station to the eastern limits of the city."

Unlimited capital is back of the East Liverpool company, but its officers are willing to take up any project that will afford them a sufficient early revenue for their expenditures.

The foregoing is the gist of an article published in the Steubenville Herald-Star. Questioned regarding it, Manager L. W. Healy said the company had not changed its plans regarding a down-river extension and hoped soon to begin work. If the desired franchises and rights of way could be obtained the extension would be an assured fact. Moreover, the company has no other thought than that the needed rights of way will be granted. It is true some difficulty has been met, but that was to be expected.

Sons of Temperance Installation.
Landmark Division, No. 4. Sons of Temperance, last evening installed its new officers. Deputy Patriarch L. C. Nease conducted the ceremonies. It was announced that this division will receive one of the libraries of 200 volumes offered as a prize for 75 members during the first quarter. President D. M. McLane made an able address.

Water for School.
Lisbon, January 6.—(Special).—At a meeting of the Lisbon board of education last evening, the board decided to drill a deep well for the water supply at the Chester street building. A 12-foot well on the premises has been abandoned on account of contamination from surface water.

A Painful Bruise.
Lisbon, January 6.—(Special).—In cutting a broken limb from a tree in the woods near Franklin Square yesterday, W. Z. Huston was painfully injured by the falling limb, which struck him on the side of the head, inflicting several cuts and a bad bruise.

Alexander Stitt Succumbed to Heart
Disease at His Home in
Salineville.

Salineville, January 6.—(Special).—Alexander Stitt, aged 65, who made his home in Salineville, with his son, John C. and daughter Lydia, was found dead in bed this morning. He was a coal miner and had performed his usual work yesterday. His death was due to heart trouble.

Besides the son and daughter, he is survived by two other daughters, Mrs. Hugo Pahner, Salineville; Mrs. Anna Anthony, Cleveland; and a son, William Stitt, Pittsburgh. He served in the civil war and was badly wounded.

BARBERS' STRIKE MAY END SOON

Predictions Made That It Will Be
Over Ere the Week
Has Ended.

MORE HAVE SIGNED SCALE

Several other shop owners have signed the barbers' scale since yesterday, and the union has been greatly encouraged within the past few days. It is now thought that the strike will be settled before the end of the week.

R. S. Danley, one of the prominent employing barbers, signed the scale yesterday afternoon, and now has more work than he can attend to. He is considering the advisability of putting in another chair. Charles Caton, who was the first to sign up, has two chairs running and it is said will add two more within a few days.

Prediction of Moderate Weather Was
Realized in This City
Last Night.

The weather man has predicted the truth for once. He said the weather would moderate last night, and much to the gratification of East Liverpool people it did so, the thermometers showing quite a difference.

Thermometers this morning registered zero weather in some parts of the city, but generally it stood between five degrees and ten degrees above.

Lectonia Man Insane.

Lisbon, January 6.—(Special).—James Jaques, a respected citizen of the vicinity of Lectonia, has been insane for about a week, and although he is not violent, his friends are considering the advisability of sending him to the asylum for treatment. As a member of the Lectonia band and Moche's orchestra, Mr. Jaques was a well known musician a few years ago.

Caring for Butler Patients.

Lisbon, January 6.—(Special).—Dr. D. J. Jones, of Lisbon, went to Butler, Pa., yesterday to assist in caring for the typhoid fever patients in that city. Several smallpox patients at Washingtonville and one east of Columbiana, whom the doctor has been treating, are now convalescent.

WESTERN ROAD THE SCENE OF LATEST RAILWAY HORROR

Thirty Persons Killed in a Collision Between a Cattle Train and an Express.

Topeka, Kan., January 6.—(Special).—By a collision between the California Express on the Rock Island road and a heavy cattle train at Willard, Kan., today, 30 persons were killed and nearly every one on the passenger train injured. Among the victims of the wreck were large numbers of homesteaders bound for Oklahoma.

The disaster occurred at 1:30 a. m. and the weather being intensely cold the injured suffered severely before aid could reach them. The trains met head-on and the coaches were reduced to kindling wood by the impact. The conductor of the ill-fated express claims that his train had the right of way and that the conductor of the freight misunderstood his orders.

ENTHUSIASTIC FOR NEW LEAGUE

The Baseball Magnates Convened at
Rochester and Talk Most

THE MEETING IS DELAYED

Uncertain Time of Trains Causes
Some to Be Late in Keeping Their
Appointment—Organization Likely
to Be Affected Today.

Rochester, Pa., January 6.—(Special).—The meeting of the baseball men who are projecting the formation of a league which will include East Liverpool, Sharon, Warren, Rochester, Homestead, Youngstown, Canton and others, did not come off on scheduled time today. The men were to have met in the Speyer hotel immediately after dinner, but only Manager Atterholt, of the Rochester team, G. Y. Travis, Mike Lynch and Charles Walsh, of East Liverpool, and Jimmie Breen, of Warren, were present. The other gentlemen, however, telephoned that they would arrive as soon as possible and it is likely the meeting will be held late this afternoon or early this evening.

The delay of trains in the Pittsburgh district, caused by frozen switches, is thought to be the reason the entire delegation did not arrive this morning. The projectors are enthusiastic and declare that a league will be a reality.

In the hotel lobby this morning the visitors talked freely of several propositions and all were of the opinion that baseball can only pay in any of the towns named by the formation of a league. They will no doubt elect officers if they get together this evening and another meeting place will be chosen. It is the intention of the promoters to finish all the preliminary work immediately and be ready to open the season when other leagues make the start. The league will be run on the same basis as that adopted by the National league.

LOST A WATCH

Mike Peterson Had One Taken from
His Vest—Two Arrests.

Upon complaint of Mike Peterson, the Second street baker, two local characters were taken before the mayor last evening, charged with stealing a watch from Peterson. The men soon proved themselves innocent of the charge and were dismissed. The watch was stolen from a vest hanging in the bakery on Monday afternoon.

Hanna To Be Elected Tuesday.

Columbus, January 6.—(Special).—Next Tuesday each house will vote for a United States senator, and the day following they will meet in joint session and elect a senator, who will be Hon. M. A. Hanna.

Old Soldier Appointed.

Columbus, January 6.—(Special).—J. H. Dalzell, an old soldier of Alliance, was appointed doorkeeper of the house yesterday. He is a former resident of Columbiana.

BADLY DISARRANGED

The Train Service Was Unusually Bad,
Owing to Fog in Pittsburgh.

A dense fog settled over Pittsburgh last night, one of the thickest in years, causing much inconvenience to traffic of all kinds. It, together with frozen switches, caused both the westbound trains of the C. & P. to be several hours late. The train due at East Liverpool at 1:30 did not arrive until 5:25, and the 8 o'clock train did not arrive until after 1 o'clock this afternoon.

As a result East Liverpool passengers were much put out and mails were greatly delayed.

Hollenden Election.

The Hollenden club will meet tonight at its rooms on Fourth street to hear reports and elect officers.

SALE OF BONDS TO BE MADE

Sinking Fund Commission to Meet
to Decide on Pennsylvania
Avenue Bonds.

EARLY ACTION EXPECTED

A meeting of the sinking fund commissioners will be held some day this week for the purpose of deciding on what portion of the bonds to be issued for the payment of the improvement of Pennsylvania avenue they can buy. The bonds for this improvement are to be sold during the next 30 days, preparations being made now to advertise their sale. The delay in advertising them has been occasioned by the neglect of the sinking fund commission to make a statement as to how many of the bonds it will buy, and now that a meeting has been decided upon, there seems some probability of selling the bonds in a short time.

Auditor Davidson stated this morning that everything had been ready for a long time to advertise the sale and that council is very desirous that the sale be made at once. When the sinking fund trustees let council know what portion of the bonds they will take the bonds remaining will be advertised, and it is not thought that much trouble will be encountered in disposing of them. The bonds are to be known as special improvement bonds and will bring 6 per cent.

The city is now paying 7 per cent for the money which was borrowed from local banks, and the sooner the bonds are sold the better it will be for the city's fund. The bonds will be issued in anticipation of the receiving of almost the entire amount back by the assessments that have been made. As is generally conceded, the city will not likely be able to enforce the payment of every assessment, and it is thought it would be a wise move to get all of the bonds out of the way as soon as possible.

THE INFIRMARY HAS MANY NEW BOARDERS

An East Liverpool Couple Arrive
Drunk and Careless of How
Cold It Is.

Lisbon, January 6.—(Special).—New arrivals, mostly tourists, are daily increasing the population of the county infirmary, the increase being more rapid since the present cold snap began. The institution now has about 130 inmates. W. A. Smith, aged 44, and his wife, Louisa, aged 47, of the shanty boat population of East Liverpool, were the last arrivals at the infirmary yesterday afternoon. Both were drunk. Having been driven over in an open sleigh, it is said they probably could not have withstood the trip in any other condition, considering how scantily they were clothed.

Jacob Smith, a tramp, well advanced in years, was picked up in Lisbon Sunday night and was taken to the infirmary Monday. Smith, who is said to hail from some where in Pennsylvania; had both feet badly frozen and yesterday the flesh commenced to drop off of them in large pieces, causing him intense suffering. It is feared that both feet will have to be amputated.

Coal Company Advancing.

The Island Run Coal company on the Little Beaver creek today expects to finish the cable which is to carry coal from one side of the creek to the other. The company expects to be shipping coal in two weeks.

THE GIRLS AS HOSTS SUCCEEDED ADMIRABLY

Leap Year Party Given at Rock Springs Pavilion
Was a Success in Every
Respect.

ENJOYED FROM THE START TO THE FINISH

"The Girls," a temporary club organization, were the pleasant hostesses at a brilliant leap year dance given last evening at Rock Springs park pavilion. For real fun and merriment it surpassed any function given in the city for some years, when once before a similar leap year dance was given.

These leap year events seem always to maintain their pleasant memories, for the formal laws in correct etiquette are somewhat transposed for one year, and it is the young lady who presents to her gentleman friend the bunch of violets of which at other times she is the recipient, and it is also the young lady who escorts her friends to the dance or theater party, whichever it may be. But, it is all looked upon as perfectly correct by the dignified chaperones, for it is leap year, and the young people think it great fun to make a revision of the rules in etiquette and reinstate laws after their own liking. Such was the form last evening at the leap year dance, and "The Girls" did not appear as mere novices at filling dance programs or as chaperones either.

Since the dance was complimentary to the Belmont club and a number not belonging to the latter organization, it was decided to leave the handsome decorations of the New Year's party at the pavilion for "The Girls" dance. The electrical banner on the orchestra platform was of miniature red electric lights, forming the words, "The Girls, 1904."

Near the hour of 9 last evening the guests had arrived, numbering nearly 250, and "The Girls" as escorts of the evening proceeded to get the young gentlemen in line, and the grand march was led by Miss May Way and Will Sutton.

The grand march was a beautiful feature, for it was at this point in the entertainment that magnificent evening dresses of the ladies and full dress of the gentlemen appeared at best advantage. As the line of march advanced programs were given out by Misses Cora Fisher, Margaret Viney, Anna Rigby and Mabel Pilgrim.

A BUSY PERIOD FOR LEGISLATORS

LIVELY TIME OVER THE LIEUTENANT GOVERNOR'S SALARY.

Vote on Governor Formally Announced
—House Employees Appointed
By Resolution.

Columbus, January 6.—(Special).—It was a busy day for the legislators yesterday. There was an interesting fight over the bill to increase the salary of the lieutenant governor from \$800 to \$2,500, the sequel to it being the placing of the salary at \$1,500. Had the friends of the measure not agreed to this compromise the present salary would have remained unchanged. Mr. Crist objected to any increase and voted against the bill. Mr. Hill agreed with his colleague that the original sum specified was too large, but he acquiesced to the amendment putting it at \$1,500 per annum.

The governor's military staff bill went through with a rush. Both these measures are now laws. The house and senate met in the morning and canvassed the vote cast for state officers last fall. When the vote was announced on governor, Mr. York, the Democratic house leader, solemnly moved the suspension of the rules and the unanimous election of Col. Herrick, Lieutenant Governor Gordon said this appeared to have been in the minds of the people when they voted last fall.

The house employees, 59 in number, were appointed by resolution. Besides the clerks there are 12 stenographers, 12 pages and 30 porters. Doorkeepers, attendants and helpers are classed as porters.

Representative Rawson introduced a bill to restore to police courts final jurisdiction by fine and imprisonment

The programs were small and very neat, their only decoration being the gold lettering of the event on the cover. Twenty dances and several extras, with music rendered by the efficient MrGraw orchestra, made the evening an enjoyable dance and musical combined.

Following the tenth dance a quartet, consisting of Harry Hill, Martin Brozka, Will Matthews and Will Anderson, rendered several comic popular songs. At a later hour the Belmont club quartet delighted the crowd with a song, which received hearty applause.

During the evening and following each dance one of the most popular corners in the pavilion was where at the entrance gate delicious punch was served by faithful attendants.

After an evening of music and dancing and much merriment, the entire party returned to the city. The cars being a little crowded "The Girls" insisted as they were the escorts of the evening that they should stand and allow their gentlemen friends to be seated, that they should also pay car fare and have luncheon at the restaurant, etc.

The committee having in charge the entertainment, which has been a decided success, and one which will long be remembered, were: Misses Cora Fisher, Rowena Rayman, Alice Way, Florence Louthan, Mabel Pilgrim, Edith Koch, Minnie Milligan, Olive Ikirt, Margaret Viney, Mary Hall. These and many other young ladies of the city, who were lent with time and means in arranging the dance were last evening bestowed with the good will and appreciation of their guests upon the success of their entertainment.

Among the out-of-town guests were: Misses Ruth Hartzell, Bessie Newlin and Hazel Sebring, of Sebring; Mr. Homer Tutt, Sebring; Mr. McDonald, Pittsburgh; Miss Cratts, Martin's Ferry; Miss Lucile Marr and Mr. Lewis Barth, of Rochester; Mr. Zink, Steubenville; Miss Jean Wallace, Chicago; Miss Jean Agner, Toronto.

in misdemeanors, which was taken away by an error in the code. As the law now stands there is no authority for detaining person convicted of such offenses in jails or workhouses.

WEDDED TODAY

Miss Lottie Smith and Leslie D. Bashaw Married By Rev. D. W. McQuiston.

Miss Lottie Smith, daughter of Mrs. Sue Smith, of the East End, was married to Leslie D. Bashaw at the home of the bride this afternoon by Rev. D. W. McQuiston.

The couple left on the afternoon train for Kensington, O., the home of the groom's parents, where they will spend their honeymoon. Mr. Bashaw is a bookkeeper employed at the First National bank.

Theaters.

Columbus, January 6.—(Special).—As a precaution against a repetition of the Chicago theater holocaust Senator Silverberg, of Cincinnati, will introduce a bill requiring theater proprietors to print on programs a diagram of the theater building, showing plainly all exits.

Severe penalties will be provided for violations of the law.

Cameron's Force Retained.

Columbus, January 6.—(Special).—State Treasurer-elect W. S. McKinnon has reappointed Miss Helen Noble, who has been State Treasurer I. B. Cameron's stenographer during the four years of his incumbency. Mr. McKinnon has retained six of the seven members of Mr. Cameron's force, and he would have kept the retiring member had he desired to remain.

PROPOSES TO MOVE THE PUMPING STATION

A Citizen Suggests This Would Be Better Than Spending \$7,000 to Put It on Stilts,

The matter of the upriver extension has been under consideration for some months, and officials say it will prove more remunerative than the proposed extension down the river, owing to the fact that there is more traffic and revenue to be derived from the upriver trade.

The Pennsylvania railway company has fought the down river project with the utmost vigor, but street railway officials say nearly all of the right of way has been secured up the river, and but little litigation will result in consequence.

The matter of extending the line down the river was not a bluff, as thought by the commissioners of Jefferson county, but was a plain and practical business proposition.

It is now thought that some other traction company, which can build a complete highway along that portion of the valley will have to take hold of the project, as the East Liverpool company's interests seem to lie farther northward, and the company is bent on completing these projects, rather than expending a big sum of money on lines that will not prove remunerative for some years.

Sinking Fund Commission to Meet to Decide on Pennsylvania Avenue Bonds.

EARLY ACTION EXPECTED

A meeting of the sinking fund commissioners will be held some day this week for the purpose of deciding on what portion of the bonds to be issued for the payment of the improvement of Pennsylvania avenue they can buy. The bonds for this improvement are to be sold during the next 30 days, preparations being made now to advertise their sale. The delay in advertising them has been occasioned by the neglect of the sinking fund commission to make a statement as to how many of the bonds it will buy, and now that a meeting has been decided upon, there seems some probability of selling the bonds in a short time.

Auditor Davidson stated this morning that everything had been ready for a long time to advertise the sale and that council is very desirous that the sale be made at once. When the sinking fund trustees let council know what portion of the bonds they will take the bonds remaining will be advertised, and it is not thought that much trouble will be encountered in disposing of them. The bonds are to be known as special improvement bonds and will bring 6 per cent.

The city is now paying 7 per cent for the money which was borrowed from local banks, and the sooner the bonds are sold the better it will be for the city's fund. The bonds will be issued in anticipation of the receiving of almost the entire amount back by the assessments that have been made. As is generally conceded, the city will not likely be able to enforce the payment of every assessment, and it is thought it would be a wise move to get all of the bonds out of the way as soon as possible.

THE GIRLS AS HOSTS SUCCEEDED ADMIRABLY

Leap Year Party Given at Rock Springs Pavilion Was a Success in Every Respect.

ENJOYED FROM THE START TO THE FINISH

"The Girls," a temporary club organization, were the pleasant hostesses at a brilliant leap year dance given last evening at Rock Springs park pavilion. For real fun and merriment it surpassed any function given in the city for some years, when once before a similar leap year dance was given.

These leap year events seem always to maintain their pleasant memories, for the formal laws in correct etiquette are somewhat transposed for one year, and it is the young lady who presents to her gentleman friend the bunch of violets of which at other times she is the recipient, and it is also the young lady who escorts her friends to the dance or theater party, whichever it may be. But, it is all looked upon as perfectly correct by the dignified chaperones, for it is leap year, and the young people think it great fun to make a revision of the rules in etiquette and reinstate laws after their own liking. Such was the form last evening at the leap year dance, and "The Girls" did not appear as mere novices at filling dance programs or as chaperones either.

Since the dance was complimentary to the Belmont club and a number not belonging to the latter organization, it was decided to leave the handsome decorations of the New Year's party at the pavilion for "The Girls" dance. The electrical banner on the orchestra platform was of miniature red electric lights, forming the words, "The Girls, 1904."

Near the hour of 9 last evening the guests had arrived, numbering nearly 250, and "The Girls" as escorts of the evening proceeded to get the young gentlemen in line, and the grand march was led by Miss May Way and Will Sutton.

The grand march was a beautiful feature, for it was at this point in the entertainment that magnificent evening dresses of the ladies and full dress of the gentlemen appeared at best advantage. As the line of march advanced programs were given out by Misses Cora Fisher, Margaret Viney, Anna Rigby and Mabel Pilgrim.

Among the out-of-town guests were: Misses Ruth Hartzell, Bessie Newlin and Hazel Sebring, of Sebring; Mr. Homer Tutt, Sebring; Mr. McDonald, Pittsburg; Miss Cratts, Martin's Ferry; Miss Lucile Marr and Mr. Lewis Barth, of Rochester; Mr. Zink, Steubenville; Miss Jean Wallace, Chicago; Miss Jean Agner, Toronto.

Mr. McKinnon has retained six of the seven members of Mr. Cameron's force, and he would have kept the retiring member had he desired to remain.

PROPOSES TO MOVE THE PUMPING STATION

A Citizen Suggests This Would Be Better Than
Spending \$7,000 to Put It on
Stilts,

HOW TO SOLVE EAST END SEWER PROBLEM

The exclusive publication in the News Review of the detailed requisition of the board of public service to be made on council was read with much general interest last evening, and among the councilmen and other departments of the city there was considerable discussion regarding it, more especially, however, was interest centered on the request of the board for \$7,000 to be used in raising the lower pumping station and adding needed improvements to it. As a result of the deliberations of those interested it seems that the board of public service will appeal in vain for that money. It is considered an unwise move and will meet serious opposition.

Council is empowered to dispense the city's fund according to its own discretion. However, there is a limit to that distribution, the departments each having so much due them by the levy made at the beginning of the fiscal year and council cannot overreach it. This necessitated the order of council that no board or department make requisition for an amount exceeding that apportioned them by the levy. All this considered council will be extremely careful in making the appropriations this time and each board will undoubtedly be held down. Notwithstanding its determination to remain within the limit of the levy, council is willing to appropriate any money, if it can be done lawfully, for any improvement absolutely necessary for the betterment of the city's water works department. And while the members of council have not expressed themselves as being willing to appropriate a certain sum to the service board for improving the lower pumping station, they would no doubt do so if they thought it practicable. It is understood that they do not think it the proper move to spend \$7,000 as proposed by the service board, and will blot out that portion of the requisition.

There is a plan, however, which would be of great benefit to the city in improving the pumping station and it is thought that council would not

oppose it strongly, if it can be shown that there is sufficient money in the treasury of the water works to carry it out. A resident and taxpayer who has given the subject much consideration made the following statement this morning, which explains fully the proposition:

"I think it would be absurd for the water works department to spend \$7,000 for the raising of the lower pumping station and other improvements around it.

"If the money is to be expended why not add a little more to it, say \$3,000 or \$4,000, and remove the station to a place where there is no danger of floods? I would advise that the station be moved to the East End. If this is done the station will not have to be placed on stilts. It will be free from flood damage at all times. If this should be done East End citizens would profit greatly along another line. As it is now they have no sewer protection whatever. The state laws will not allow a sewer to empty into the Ohio river at a point less than four miles from the intake of the water works pumping station. Consequently the East Enders are tied up. They need sewers badly at the present time, and in the future will need them worse. If the pumping station remains where it now is, they can never have a sewer outlet in the East End.

"I say that the pumping station should be removed to some high point in the East End, and think every citizen will agree with me. To prove that the East Enders cannot run their sewers into the river, read the letter received last week by Mayor Weaver from Secretary Probst, of the state health board. He had heard that there was talk of emptying a sewer into the river between the pumping station and the East End and he notified the mayor immediately that it could not be done. It would be a good idea to move the pumping station for another reason. Where it is now situated it gets a certain per cent of the Chester sewers, and that alone should be sufficient cause to remove the station to the eastern limits of the city."

Unlimited capital is back of the East Liverpool company, but its officers are willing to take up any project that will afford them a sufficient early revenue for their expenditures.

The foregoing is the gist of an article published in the Steubenville Herald-Star. Questioned regarding it Manager L. W. Healy said the company had not changed its plans regarding a down-river extension and hoped soon to begin work. If the desired franchises and rights of way could be obtained the extension would be an assured fact. Moreover, the company has no other thought than that the needed rights of way will be granted. It is true some difficulty has been met, but that was to be expected.

Sons of Temperance Installation.
Landmark Division, No. 4, Sons of Temperance, last evening installed its new officers. Deputy Patriarch L. C. Nease conducted the ceremonies. It was announced that this division will receive one of the libraries of 200 volumes offered as a prize for 75 members during the first quarter. President D. M. McLane made an able address.

Water for School.
Lisbon, January 6.—(Special.)—At a meeting of the Lisbon board of education last evening, the board decided to drill a deep well for the water supply at the Chester street building. A 12-foot well on the premises has been abandoned on account of contamination from surface water.

A Painful Bruise.

AN AGED MINER FOUND DEAD IN BED

Alexander Stitt Succumbed to Heart Disease at His Home in Salineville.

Salineville, January 6.—(Special.)—Alexander Stitt, aged 65, who made his home in Salineville, with his son, John C., and daughter Lydia, was found dead in bed this morning. He was a coal miner and had performed his usual work yesterday. His death was due to heart trouble.

Besides the son and daughter, he is survived by two other daughters, Mrs. Hugo Pahner, Salineville; Mrs. Anna Anthony, Cleveland; and a son, William Stitt, Pittsburgh.

He served in the civil war and was badly wounded.

BARBERS' STRIKE MAY END SOON

Predictions Made That It Will Be Over Ere the Week Has Ended.

MORE HAVE SIGNED SCALE

Several other shop owners have signed the barbers' scale since yesterday, and the union has been greatly encouraged within the past few days. It is now thought that the strike will be settled before the end of the week.

R. S. Danley, one of the prominent employing barbers, signed the scale yesterday afternoon, and now has more work than he can attend to. He is considering the advisability of putting in another chair. Charles Caton, who was the first to sign up, has two chairs running and it is said will add two more within a few days.

GUESSED RIGHT

Prediction of Moderate Weather Was Realized in This City Last Night.

The weather man has predicted the truth for once. He said the weather would moderate last night, and much to the gratification of East Liverpool people it did so, the thermometers showing quite a difference.

Thermometers this morning registered zero weather in some parts of the city, but generally it stood between five degrees and ten degrees above.

Leetonia Man Insane.

Lisbon, January 6.—(Special.)—James Jaques, a respected citizen of the vicinity of Leetonia, has been insane for about a week, and, although he is not violent, his friends are considering the advisability of sending him to the asylum for treatment. As a member of the Leetonia band and Mochel's orchestra, Mr. Jaques was a well known musician a few years ago.

Caring for Butler Patients.

Lisbon, January 6.—(Special.)—Dr. D. J. Jones, of Lisbon, went to Butler, Pa., yesterday to assist in caring for the typhoid fever patients in that city. Several smallpox patients at Washingtonville and one east of Columbiana, whom the doctor has been treating, are now convalescent.

Licensed to Marry.

Lisbon, January 6.—(Special.)—A marriage license was issued this afternoon to Fred Dixon, of Salem, and Mary Lucille Estill, of Lisbon.

WESTERN ROAD THE SCENE OF LATEST RAILWAY HORROR

Thirty Persons Killed in a Collision Between a
Cattle Train and an
Express.

Topeka, Kan., January 6.—(Special.)—By a collision between the California Express on the Rock Island road and a heavy cattle train at Willard, Kan., today, 39 persons were killed and nearly every one on the passenger train injured. Among the victims of the wreck were large numbers of homesteaders bound for Oklahoma.

The disaster occurred at 1:30 a. m. and the weather being intensely cold the injured suffered severely before aid could reach them. The trains met head-on and the coaches were reduced to kindling wood by the impact.

The conductor of the ill-fated express claims that his train had the right of way and that the conductor of the freight misunderstood his orders.

ENTHUSIASTIC FOR NEW LEAGUE

The Baseball Magnates Convened at Rochester and Talk Most Hopefully.

THE MEETING IS DELAYED

Uncertain Time of Trains Causes Some to Be Late in Keeping Their Appointment—Organization Likely to Be Affected Today.

Rochester, Pa., January 6.—(Special.)—The meeting of the baseball men who are projecting the formation of a league which will include East Liverpool, Sharon, Warren, Rochester, Homestead, Youngstown, Canton and others, did not come off on scheduled time today. The men were to have met in the Speyer hotel immediately after dinner, but only Manager Atterholt, of the Rochester team, G. Y. Travis, Mike Lynch and Charles Walsh, of East Liverpool, and Jimmie Breen, of Warren, were present. The other gentlemen, however, telephoned that they would arrive as soon as possible and it is likely the meeting will be held late this afternoon or early this evening.

The delay of trains in the Pittsburgh district, caused by frozen switches, is thought to be the reason the entire delegation did not arrive this morning. The projectors are enthusiastic and declare that a league will be a reality.

In the hotel lobby this morning the visitors talked freely of several propositions and all were of the opinion that baseball can only pay in any of the towns named by the formation of a league. They will no doubt elect officers if they get together this evening and another meeting place will be chosen. It is the intention of the promoters to finish all the preliminary work immediately and be ready to open the season when other leagues make the start. The league will be run on the same basis as that adopted by the National league.

LOST A WATCH

Mike Peterson Had One Taken from His Vest—Two Arrests.

Upon complaint of Mike Peterson, the Second street baker, two local characters were taken before the mayor last evening, charged with stealing a watch from Peterson. The men soon proved themselves innocent of the charge and were dismissed. The watch was stolen from a vest hanging in the bakery on Monday afternoon.

Commissioners at the Capital.

Columbus, January 6.—(Special.)—Commissioners W. K. George, M. P. Carnes and Eden Reeder, accompanied by Judge James Moore, of Lisbon, came here Tuesday to attend the meeting of the county commissioners of Ohio.

Hanna To Be Elected Tuesday.

Columbus, January 6.—(Special.)—Next Tuesday each house will vote for a United States senator, and the day following they will meet in joint session and elect a senator, who will be Hon. M. A. Hanna.

Old Soldier Appointed.

Columbus, January 6.—(Special.)—J. H. Dalzell, an old soldier of Alliance, was appointed doorkeeper of the house yesterday. He is a former resident of Columbiana.

BADLY DISARRANGED

The Train Service Was Unusually Bad, Owing to Fog in Pittsburgh.

A dense fog settled over Pittsburgh last night, one of the thickest in years, causing much inconvenience to traffic of all kinds. It, together with frozen switches, caused both the westbound trains of the C. & P. to be several hours late. The train due at East Liverpool at 1:36 did not arrive until 5:25, and the 8 o'clock train did not arrive until after 1 o'clock this afternoon.

As a result East Liverpool passengers were much put out and mails were greatly delayed.

Hollenden Election.

The Hollenden club will meet tonight at its rooms on Fourth street to hear reports and elect officers.

SALE OF BONDS TO BE MADE

Sinking Fund Commission to Meet to Decide on Pennsylvania Avenue Bonds.

EARLY ACTION EXPECTED

An East Liverpool Couple Arrive Drunk And Careless of How Cold It Is.

Lisbon, January 6.—(Special.)—New arrivals, mostly tourists, are daily increasing the population of the county infirmary, the increase being more rapid since the present cold snap began. The institution now has about 130 inmates. W. A. Smith, aged 44, and his wife, Louisa, aged 47, of the shanty boat population of East Liverpool, were the last arrivals at the infirmary yesterday afternoon. Both were drunk. Having been driven over in an open sleigh, it is said they probably could not have withstood the trip in any other condition, considering how scantily they were clothed. THE GIRLS AS HOSTS SUCCEEDED ADMIRABLY

Leap Year Party Given at Rock Springs Pavilion Was a Success in Every Respect.

ENJOYED FROM THE START TO THE FINISH

"The Girls," a temporary club organization, were the pleasant hostesses at a brilliant leap year dance given last evening at Rock Springs park pavilion. For real fun and merriment it surpassed any function given in the city for some years, when once before a similar leap year dance was given.

These leap year events seem always to maintain their pleasant memories, for the formal laws in correct etiquette are somewhat transposed for one year, and it is the young lady who presents to her gentleman friend the bunch of violets of which at other times she is the recipient, and it is also the young lady who escorts her friends to the dance or theater party, whichever it may be. But, it is all looked upon as perfectly correct by the dignified chaperones, for it is leap year, and the young people think it great fun to make a revision of the rules in etiquette and reinstate laws after their own liking. Such was the form last evening at the leap year dance, and "The Girls" did not appear as mere novices at filling dance programs or as chaperones either.

A BUSY PERIOD FOR LEGISLATORS

LIVELY TIME OVER THE LIEUTENANT GOVERNOR'S SALARY.

Vote on Governor Formally Announced—House Employees Appointed By Resolution.

Columbus, January 6.—(Special.)—It was a busy day for the legislators yesterday. There was an interesting fight over the bill to increase the salary of the lieutenant governor from \$800 to \$2,500, the sequel to it being the placing of the salary at \$1,500. Had the friends of the measure not agreed to this compromise the present salary would have remained unchanged. Mr. Crist objected to any increase and voted against the bill. Mr. Hill agreed with his colleague that the original sum specified was too large, but he acquiesced to the amendment putting it at \$1,500 per annum.

The governor's military staff bill went through with a rush. Both these measures are now laws. The house and senate met in the morning and canvassed the vote cast for state officers last fall. When the vote was announced on governor, Mr. York, the Democratic house leader, solemnly moved the suspension of the rules and the unanimous election of Col. Herick. Lieutenant Governor Gordon said this appeared to have been in the minds of the people when they voted last fall.

The house employees, 59 in number, were appointed by resolution. Besides the clerks there are 12 stenographers, 12 pages and 30 porters. Doorkeepers, attendants and helpers are classed as porters.

Representative Rawson introduced a bill to restore to police courts final jurisdiction by fine and imprisonment

The programs were small and very neat, their only decoration being the gold lettering of the event on the cover. Twenty dances and several extras, with music rendered by the efficient Mr. Graw orchestra, made the evening an enjoyable dance and musical combined.

Following the tenth dance a quartet, consisting of Harry Hill, Martin Brozka, Will Matthews and Will Anderson, rendered several comic popular songs. At a later hour the Belmont club quartet delighted the crowd with a song, which received hearty applause.

During the evening and following each dance one of the most popular corners in the pavilion was where at the entrance gate delicious punch was served by faithful attendants.

After an evening of music and dancing and much merriment, the entire party returned to the city. The cars being a little crowded "The Girls" insisted as they were the escorts of the evening that they should stand and allow their gentlemen friends to be seated, that they should also pay car fare and have luncheon at the restaurant, etc.

The committee having in charge the entertainment, which has been a decided success, and one which will long be remembered, were: Misses Cora Fisher, Rowena Rayman, Alice Way, Florence Louthan, Mabel Pilgrim, Edith Koch, Minnie Milligan, Olive Ikert, Margaret Viney, Mary Hall. These and many other young ladies of the city, who were lent with time and means in arranging the dance were last evening bestowed with the good will and appreciation of their guests upon the success of their entertainment.

Among the out-of-town guests were: Misses Ruth Hartzell, Bessie Newlin and Hazel Sebring, of Sebring; Mr. Homer Tutt, Sebring; Mr. McDonald, Pittsburgh; Miss Cratts, Martin's Ferry; Miss Lucile Marr and Mr. Lewis Barth, of Rochester; Mr. Zink, Steubenville; Miss Jean Wallace, Chicago; Miss Jean Agner, Toronto.

NEW CASTLE NOTES.

New Castle, January 5.—Local union No. 54 held a very interesting meeting with a good attendance. The new officials assumed their duties. The committee, appointed a week ago to see Manager Simpson in regard to the discharge of the four brothers, reported Simpson out of town, but would be back Saturday, so a special meeting was called for Saturday evening to give the committee time to see him. At the special meeting the committee reported having seen Simpson and his reason for discharging the brothers was that he did not need them. The local thought differently, as it is only three weeks since Simpson asked No. 54 to get him some men. The men were victimized because they were appointed on a committee to try a brother who had openly violated the rules of the Brotherhood. It was decided to have the brothers reinstated or the shop would be called out.

There are no signs yet of the china works starting up.

The Universal Sanitary shop will start up in full January 11. Nearly all of the employees have returned after their holiday vacations. Thomas Kirkham and Walter S. Combs, of this shop, report having a good time in East Liverpool with their many friends.

The claymakers at the Shenango started Tuesday and all the clayhans today. Prospects are good for a steady run.

Morgan Winters and family, who were visiting here, returned to East Liverpool Friday, accompanied by

John McCarron, who will spend a few days and hire a few pressers while there.

Walter J. McKeone, who operates the big dish bench here, and Miss May Seibert were quietly married here last Saturday and have gone to housekeeping at 455 West Washington street. Their many friends wish them success. Miss Seibert worked till the holidays in the biscuit wareroom of the K. T. & K. old end.

Tom Brooks, a presser at the Shenango, is tending bar at the Gilbert.

George Hazelhurst and family have returned from a visit to his brother in East Liverpool.

Dell Thomas, a popular mould maker, has gone to Sebring to take charge of the clay shops at the French. He was one of the most active members of No. 54 and all wish him success in his new position.

H. N. Smith, who was visiting here, has returned to East Liverpool.

NEW SHAPE POPULAR.

The D. E. McNicol pottery has just closed one of the most successful years in the history of the plant and has started upon 1904 with the best of prospects. The volume of business in 1903 was perhaps as large as in any previous year and altogether the record was very successful. The plant has resumed operations with almost a full force of operatives and in a few days more the holiday interruption will be entirely overcome.

Manager Robert Slack, of the decorating department, has that part of the establishment working as usual with a force numbering about 30. The new dinner shape, known as the "Regina," has been meeting with favorable comment wherever shown and promises to be a great seller during the year. The shape is very graceful and in strict good taste, which with its artistic decorations go to make it popular. Besides this new shape Manager Slack has seven new decalcomania designs for the old dinner shapes. The decalcomania movement is becoming more and more general to the detriment of the hand printed decoration. Manager Slack has a new printed design for toilets, however.

OFFICERS INSTALLED.

Local union No. 17 has been having some well attended and interesting meetings during the past two months and the affairs of the local were never in better shape, the men taking a general interest. At the last regular meeting the newly elected officers were installed and plans for a social session, to be held within a month, were discussed. It is proposed to invite President Duffy to make an address before the local and to make a social session out of the meeting. The date has not been definitely fixed.

The officers installed are: U. E. Price, president; Leroy Fowler, vice president; William McCoy, recording secretary; Ed L. Veith, financial secretary; George Richards, treasurer; James Hollenbaugh, 1 per cent secretary; George Dales, inside guard; Leroy Fowler, Charles Rodell and George Dales, trustees.

PIPE PLANTS IDLE.

All the sewer pipe plants of the American Sewer Pipe company in the Ohio valley are now closed with the exception of the Forest and Great Western plants at Toronto, which are now working on special sizes to fill out kilns. They will only remain in operation for a few days, and owing to the extreme cold weather it is not probable that any of the plants will resume operations before the spring

West Virginia—Fair and warmer Wednesday; Thursday fair.

meeting of the company, which occurs in March of this year. At that time a possible reduction may occur, which will be met by a solidified front by the numerous employees. In fact, the fight may result in many of the employees going to many of the new independent plants, owing to the better wage rate given by these independent concerns.

BIG IMPROVEMENTS.

The Sebring pottery is making some big improvements in the interior of their plant. The green room has been greatly enlarged. The dish makers will be moved into the old mould room and also two jiggers will be placed therein. This will give the plant a greater capacity and will add much to its convenience. C. D. Thomas, a former mould maker in the Sebring pottery, but of late employed at the Shenango pottery at New Castle has been installed as foreman of the clay shops and began his work today.

JOHNSON'S TUB.

Alfred Eardley, the well known dipper, has taken the tub at McNicol's vacated when Alfred Johnson resigned to take his position as sheriff of the county, to which he was elected at the November election. Mr. Eardley had been making extra time at the plant for several months. Several years ago he was employed at Burford's and is known as a good, steady workman.

WORKING FULL TURN.

The American China company at Toronto is again working full turn. The Chelsea China company at New Cumberland is making repairs to glaze pots, and when these repairs are completed will probably resume in full, as is the intention of the company.

POTTERY NOTES.

McNicol's received a car of baled straw yesterday.

The second car of bulk for this year was shipped to St. Louis today from McNicol's.

Henry Johnson, of the biscuit crew at McNicol's, was off duty yesterday owing to illness.

Bricklayers were at work yesterday at McNicol's placing a new bottom in one of the kilns.

Frank Gray, of the warehouse at McNicol's, has returned from a two weeks' visit with relatives at Raven's Rock.

Albert Akin, of the drawing crew at the Standard, has returned from a visit with friends and relatives at Salineville.

The girls in the ghost warehouse at McNicol's were off duty yesterday. They worked through the holiday vacation, excepting Christmas and New Year's days.

Salineville Miners Instructed to Stand Up for an Increase at the Convention.

Salineville, January 5.—(Special).—At a mass meeting of the miners here delegates were chosen to the state convention at Columbus and the national convention to be held at Indianapolis. James Starkey was selected as the state delegate and Ottmar Lintner was the unanimous choice for the national convention.

The delegates were given strict instructions to maintain the present scale in all their deliberations at the coming convention, and to all stand by the demand which will be made for an increase of 10 per cent to be asked by the convention when it assembles. The delegates will represent the Slope, New Shaft, Cedar Hill, Strobbley's, Deviney, Kirk and Sterling mines, which are all in the union. The delegates will receive their railroad fare, their time while attending the convention and expenses. It will cost the miners something over \$100 to send these two delegates to the convention.

The miners all have plenty of money in their reserve funds and should any difficulties arise they are well able to combat any move the operators may make. It is thought that no difficulties will come up in either convention.

GRAND BALL

To Be Given in Wellsville January 17 By Brotherhood of Trainmen.

The Brotherhood of Railway Trainmen will give their annual dance in city hall on January 27. This is one of the most interesting society events in Wellsville. Special trains on the C. & P. will be run that evening from East Liverpool and Wellsville, and it is expected that a larger attendance than at any previous season will be a feature.

The Brotherhood of Railway Trainmen has been increasing in membership rapidly of late, taking in from four to five new members at every Sunday's meeting.

It is proposed to make this event one of the finest and grandest within the history of the organization, and no expense will be spared to attain this result.

Refreshments will follow the grand ball on the evening mentioned.

This sketch was made by Victor Heyff, aged 11, Wells School, Keokuk.

We give a cash prize of \$5.00 for any drawing of this character which we accept and use. All school children can compete. Full instructions will be found on inside of each package of Egg-O-See, telling what to do to get the prize and how to make the drawings.

Egg-O-See is a flake food and is manufactured from the choicest wheat which can be procured. It is made in the most perfectly appointed food mill in the world. It is pure and healthful because no other food is made under such strict sanitary regulations.

NOTE—The price of Egg-O-See is 10 cents for a full size package, such as is usually sold for 15 cents. The largest food mill in the world, with the most approved labor saving machinery enables us to make the best flaked wheat food at this lower price.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

Saturday was certainly a day to try

the pluck of the mail carrier and all other travelers.

Mr. and Mrs. D. O. Emmons and son Karl were at the home of Mrs. Emmons' parents, Mr. and Mrs. Aaron Shively, over Sunday.

Miss Elizabeth and Miss Mabel M. Little, who have been visiting their uncle, George Little, and family, near Cortland, Trumbull county, returned home yesterday.

School has commenced at No. 4 with a few less in attendance on account of the deep snow drifts. The roads

running east and west are very badly drifted.

NEW CASTLE NOTES.

New Castle, January 6.—Local union No. 54 held a very interesting meeting with a good attendance. The new officials assumed their duties. The committee, appointed a week ago to see Manager Simpson in regard to the discharge of the four brothers, reported Simpson out of town, but would be back Saturday, so a special meeting was called for Saturday evening to give the committee time to see him. At the special meeting the committee reported having seen Simpson and his reason for discharging the brothers was that he did not need them. The local thought differently, as it is only three weeks since Simpson asked No. 54 to get him some men. The men were victimized because they were appointed on a committee to try a brother who had openly violated the rules of the Brotherhood. It was decided to have the brothers reinstated or the shop would be called out.

There are no signs yet of the china works starting up. The Universal Sanitary shop will start up in full January 11. Nearly all of the employees have returned after their holiday vacations. Thomas Kirkham and Walter S. Combs, of this shop, report having a good time in East Liverpool with their many friends.

The claymakers at the Shenango started Tuesday and all the clayhands today. Prospects are good for a steady run.

Morgan Winters and family, who were visiting here, returned to East Liverpool Friday, accompanied by

John McCarron, who will spend a few days and hire a few pressers while there.

Walter J. McKeone, who operates the big dish bench here, and Miss May Seibert were quietly married here last Saturday and have gone to housekeeping at 455 West Washington street. Their many friends wish them success. Miss Seibert worked till the holidays in the biscuit wareroom of the K. T. & K. old end.

Tom Brooks, a presser at the Shenango, is tending bar at the Gilbert.

George Hazelhurst and family have returned from a visit to his brother in East Liverpool.

Dell Thomas, a popular mould maker, has gone to Sebring to take charge of the clay shops at the French. He was one of the most active members of No. 54 and all wish him success in his new position.

H. N. Smith, who was visiting here, has returned to East Liverpool.

NEW SHAPE POPULAR.

The D. E. McNicol pottery has just closed one of the most successful years in the history of the plant and has started upon 1904 with the best of prospects. The volume of business in 1903 was perhaps as large as in any previous year and altogether the record was very successful. The plant has resumed operations with almost a full force of operatives and in a few days more the holiday interruption will be entirely overcome.

Manager Robert Slack, of the decorating department, has that part of the establishment working as usual with a force numbering about 30. The new dinner shape, known as the "Regina," has been meeting with favorable comment wherever shown and promises to be a great seller during the year. The shape is very graceful and in strict good taste, which with its artistic decorations go to make it popular. Besides this new shape Manager Slack has seven new decalcomania designs for the old dinner shapes. The decalcomania movement is becoming more and more general to the detriment of the hand printed decoration. Manager Slack has a new printed design for toilets, however.

OFFICERS INSTALLED.

Local union No. 17 has been having some well attended and interesting meetings during the past two months and the affairs of the local were never in better shape, the men taking a general interest. At the last regular meeting the newly elected officers were installed and plans for a social session, to be held within a month, were discussed. It is proposed to invite President Duffy to make an address before the local and to make a social session out of the meeting. The date has not been definitely fixed.

The officers installed are: U. E. Price, president; Leroy Fowler, vice president; William McCoy, recording secretary; Ed L. Veith, financial secretary; George Richards, treasurer; James Hollenbaugh, 1 per cent secretary; George Dales, inside guard; Leroy Fowler, Charles Rodell and George Dales, trustees.

PIPE PLANTS IDLE.

All the sewer pipe plants of the American Sewer Pipe company in the Ohio valley are now closed with the exception of the Forest and Great Western plants at Toronto, which are now working on special sizes to fill out kilns. They will only remain in operation for a few days, and owing to the extreme cold weather it is not probable that any of the plants will resume operations before the spring.

meeting of the company, which occurs in March of this year. At that time a possible reduction may occur, which will be met by a solidified front by the numerous employees. In fact, the fight may result in many of the employees going to many of the new independent plants, owing to the better wage rate given by these independent concerns.

BIG IMPROVEMENTS.

The Sebring pottery is making some big improvements in the interior of their plant. The green room has been greatly enlarged. The dish makers will be moved into the old mould room and also two jiggers will be placed therein. This will give the plant a greater capacity and will add much to its convenience. C. D. Thomas, a former mould maker in the Sebring pottery, but of late employed at the Shenango pottery at New Castle has been installed as foreman of the clay shops and began his work today.

JOHNSON'S TUB.

Alfred Eardley, the well known dipper, has taken the tub at McNicol's vacated when Alfred Johnson resigned to take his position as sheriff of the county, to which he was elected at the November election. Mr. Eardley had been making extra time at the plant for several months. Several years ago he was employed at Burford's and is known as a good, steady workman.

WORKING FULL TURN.

The American China company at Toronto is again working full turn. The Chelsea China company at New Cumberland is making repairs to glaze pots, and when these repairs are completed will probably resume in full, as is the intention of the company.

POTTERY NOTES.

McNicol's received a car of baled straw yesterday.

THE PRESENT SCALE

ADVANCED 10 PER CENT

Salineville Miners Instructed to Stand Up for an Increase at the Convention.

Salineville, January 6.—(Special.)—At a mass meeting of the miners here delegates were chosen to the state convention at Columbus and the national convention to be held at Indianapolis. James Starkey was selected as the state delegate and Ottmar Lintner was the unanimous choice for the national convention.

The delegates were given strict instructions to maintain the present scale in all their deliberations at the coming convention, and to all stand by the demand which will be made for an increase of 10 per cent to be asked by the convention when it assembles. The delegates will represent the Slope, New Shaft, Cedar Hill, Strobely's, Deviney, Kirk and Sterling mines, which are all in the union. The delegates will receive their railroad fare, their time while attending the convention and expenses. It will cost the miners something over \$100 to send these two delegates to the convention.

The miners all have plenty of money in their reserve funds and should any difficulties arise they are well able to combat any move the operators may make. It is thought that no difficulties will come up in either convention.

GRAND BALL

To Be Given in Wellsville January 17 By Brotherhood of Trainmen.

The Brotherhood of Railway Trainmen will give their annual dance in city hall on January 27. This is one of the most interesting society events in Wellsville. Special trains on the C. & P. will be run that evening from East Liverpool and Wellsville, and it is expected that a larger attendance than at any previous season will be a feature.

The Brotherhood of Railway Trainmen has been increasing in membership rapidly of late, taking in from four to five new members at every Sunday's meeting.

It is proposed to make this event one of the finest and grandest within the history of the organization, and no expense will be spared to attain this result.

Refreshments will follow the grand ball on the evening mentioned.

This sketch was made by Victor Reyff, aged 11, Wells School, Keokuk. We give a cash prize of \$5.00 for any drawing of this character which we accept and use. All school children can compete. Full instructions will be found on inside of each package of Egg-O-See, telling what to do to get the prize and how to make the drawings.

Egg-O-See is a flake food and is manufactured from the choicest wheat which can be procured. It is made in the most perfectly appointed food mill in the world. It is pure and healthful because no other food is made under such strict sanitary regulations.

NOTE—The price of Egg-O-See is 10 cents for a full size package, such as is usually sold for 15 cents. The largest food mill in the world, with the most approved labor saving machinery enables us to make the best flaked wheat food at this lower price.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package prepaid.

Address all communications to the Egg-O-See, Quincy, Illinois.

BAYARD

Bayard January 6.—Twenty below zero yesterday morning. Winter in earnest and good sleighing.

Mrs. A. T. Shullenbarger and son Chester, of Wellsville, who have been visiting at the homes of their grandparents, Mr. and Mrs. Shullenbarger, and their daughter, Mrs. Benjamin Willis, since last Thursday evening, have returned home.

Saturday was certainly a day to try.

Mr. and Mrs. D. O. Emmons and son Karl were at the home of Mrs. Emmons parents, Mr. and Mrs. Aaron Shively, over Sunday.

Miss Elizabeth and Miss Mabel M. Little, who have been visiting their uncle, George Little, and family, near Cortland, Trumbull county, returned home yesterday.

School has commenced at No. 4 with a few less in attendance on account of the deep snow drifts. The roads

running east and west are very badly drifted.

Cured After Suffering Ten Years.—B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says: "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Alvin H. Bulger (only).

WEDNESDAY, JANUARY 6, 1904.

Uncle Sam begins the calendar year 1904 under rather happy auspices. He has just rolled up a very handsome credit balance in the treasury, and he has a fair chance to increase it in the next few months. In the fiscal year which began on July 1, 1903, the drift of things in the treasury was against the government for several months. At the end of November, which finished five months of the fiscal year, the government's expenditures exceeded its receipts to the extent of \$2,000,000. The tide then made an abrupt turn, and December's receipts exceeded its expenditures to such an extent that the previous deficit has been wiped out, and there is a balance of considerably over \$8,000,000 on the right side at the beginning of January, 1904, for the first half of the fiscal year.

Chester's anxious year will soon be at an end. The interest taken in municipal politics on that side of the river is a healthy indication. It shows that the people are awake to the importance of having men in office who will look faithfully after the welfare of the town. From the list of candidates announced the citizens should have no difficulty in selecting able and progressive men, who will serve them faithfully and see that Chester's prosperity is not hampered for lack of foresight on the part of its town officials.

Luke E. Wright, the new governor of the Philippines, is a Democrat, but that does not necessarily imply that he is the wrong Mr. Wright. Besides, several conspicuous Filipinos, Aguinaldo among them, have been suspected of Democratic leanings, and he may be popular among them.

East Liverpool is too prosperous as well as too humane to permit any suffering for lack of food and fuel. The township trustees say they are care-

fully investigating every case of distress reported and giving relief where relief is needed. This is as it should be. Better to err on the side of generosity than to display a parsimonious spirit in dealing with matters of this kind.

It is said demands will be made upon the Ohio legislature for appropriations amounting to \$10,000,000. And the surplus is less than \$3,000,000. Hence the good sense of Gov. Nash's plea for economy.

Twenty-five crockery buyers are reported in the city at present—a very wholesome indication that the demand for East Liverpool's staple is not likely to languish for a while.

Uncle Sam last year spent \$17,000,000 more than during the previous year, but he put most of the money into the new navy, and it certainly was not wasted there.

Won't William Jennings Bryan just boil over when he lands and finds the eastern Democracy shouting vociferously for another term for Grover Cleveland?

The czar will advance several notches in popular esteem if he averts a war with Japan. And goodness knows he has need of adding to his popularity.

January is less than a week old, but she has already settled the fact that her mean temperature is to be of a low-down sort.

Well, the frost is over, unless the inevitable thaw should prove a more serious matter than the cold snap.

The Hearst presidential boom isn't booming much outside of the Hearst syndicate of newspapers.

Hereafter Chicago will probably have building inspectors who will inspect.

OBITUARY

Mrs. Daniel Grafton.
Mrs. Daniel Grafton, aged 80, died yesterday afternoon at 4:30 at the home of her son Emmet in Madison township after an illness of a year or more from complications due to old age. She has been an old resident of the township, her husband dying some 10 years ago. Two daughters also reside at the old homestead. She leaves a long line of connections and relatives in the county. The funeral services will take place Friday at 12 o'clock on the arrival of a son from the west, at Bethel church, the former pastor, Rev. Mr. Gray, officiating. She was a member for many years of Bethel church and was highly respected throughout the entire community.

Hugh Cameron.
Salineville, January 6.—(Special.)—The sad intelligence of the death of Hugh Cameron, of Danville, Ill., has reached his brother, Charles Cameron. Mr. Cameron was well known to many Salineville citizens and was many years ago a familiar personage on the streets of the village. He was employed in the mines while here and was genial and pleasant. He was a brother of Charles and Alex Cameron, two of Salineville's best citizens, and also a brother of State Treasurer I. B. Cameron.

Death of a Child.
The funeral of the little daughter of Mr. and Mrs. R. S. Reynolds, of the Klondike, who died Monday night, was held this afternoon from the home. The parents came here lately from St. Mary's, W. Va.

FRIENDS AND VISITORS

Rev. J. W. Correll is a Malvern visitor today.

Robert J. Owens has returned to his home at Wheeling after a business trip to this city.

Mrs. James Custer, of Canton, is a guest at the home of Mr. and Mrs. E. W. Rosensteel, of this city.

James Waddell, who has been confined to his home on Eighth street for several days by illness, is able to be out.

H. E. Zehm, who has been visiting at the home of Mr. and Mrs. E. W. Rosensteel, has returned to his home in Wheeling.

Samuel Kerr, a motorman on the East Liverpool railway, is recovering from an attack of pneumonia at his home near Columbian park. Mr. Kerr was very ill for several weeks, but is now out of danger.

James Lane, of Lancaster, N. Y., who has been visiting his brother, Charles Lane, of Bank street, and sister, Mrs. Ed L. Veith, of East Fourth street, has returned to his home. Mr. Lane and Mrs. Veith had not seen their brother for 26 years and the visit was one of great enjoyment.

AT THE THEATER

Chester DeVonde and his clever company are presenting excellent plays at the Grand this week in a style that the public highly appreciates. Last night "Doomed" was the attraction, and pleased a large house. Tonight "Dr. Jekyll and Mr. Hyde."

What's in a Name?
Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only).

Hardware Men Will Organize.
Wheeling, Jan. 6.—A meeting to organize a combination of the hardware and farming implement dealers of Ohio, West Virginia and Pennsylvania will be held in this city. Its purpose is to regulate prices and prevent retailing by manufacturers.

Postmasters Confirmed.
Washington, Jan. 6.—The senate confirmed these postmasters: Ohio—Vernie Humphrey, Fayette; Charles W. Jones, Waverly; Charles B. Caxby, Weston; David H. Perrin, Maumee; William P. Gilliam, Nevada; Charles S. Putnam, Conneaut, Pennsylvania—Michael Weyand, Beaver.

Honaker is Indicted.
Wheeling, Jan. 6.—True bills indicting Flam Honaker, who is said to have assaulted a Sister of Charity at the Elm Grove convent, have been returned by the grand jury. His victim is said to be in a serious condition.

Sacred Waters Radio Active.
Rome, Jan. 6.—Dr. Francellini states that the source of the Clitumnus, a small Umbrian river sacred to the Romans, may contain radium. He bases his opinion on a description by Pliny and passages in the works of many writers and poets from Virgil to Byron and Carducci. The waters at the source of the river are the color of violet. The subject is being studied by scientists.

MINING BROKERS ARRESTED.

Chicago Men Charged With Using the Mails to Defraud.

Chicago, Jan. 6.—Frank Jager and John Jager, well known as mining stock brokers and promoters, have been arrested on the charge of using the mails in a scheme to defraud. The arrests were ordered after an inquiry had been made into methods of the Model Gold Mining company and the Jager Oil company. Upwards of \$800,000 is involved.

Their bonds were fixed at \$3,000 each and they were released on bail. According to the federal officers the following mines and oil wells are included in the lists of those fraudulently misrepresented in advertising matter sent through the mails: McCabe Model, Wolfstone, American Gold and Copper, Jessie Helen No. 3, Gold Bug, Sink to Rise, North Model, Alta, McKinley, Helen No. 2, Copper Queen, Liberty Bell, Bruce, Monopolis, Hexron, Bachelor, Tom Reed, Copper Crown, Belmont, Jager Oil company, Model Oil company, Smokeless Briquette company, Standard Briquette company.

Inspector Ketcham said he did not make the claim that the properties are of no value but that the representations as to the earnings of the properties are fraudulent.

NO COMMON DIVIDEND.

Steel Corporation Earnings Show Large Shrinkage.

New York, Jan. 6.—The dividend on United States Steel common was passed at the quarterly meeting of the directors, but the regular 1 1/2 per cent was declared on the preferred stock. At the previous quarterly meeting the common dividend was cut from a 4 to a 2 per cent basis.

The statement of earnings for 1903 shows a great shrinkage in the business of the corporation. Net earnings (December estimated) aggregate \$108,979,012, as against \$133,308,763 in 1902, and \$105,947,160 in the first nine months of the corporation's history in 1901. Briefly, business for the 12 months of 1903 was only about \$3,000,000 in excess of that for the first nine months of the corporation's existence.

For the last quarter of 1903 net earnings (December estimated at \$3,100,000) were \$1,845,042, as against \$3,145,759 for the same quarter in 1901. Thus earnings for the last quarter were decidedly less than half of those in 1902. It is probable when complete returns are in for December, 1903, that the last quarter may show slightly more than 50 per cent of earnings for the same period of 1901.

NEW CASTLE NOTES.

New Castle, January 6.—Local union No. 54 held a very interesting meeting with a good attendance. The new officials assumed their duties. The committee, appointed a week ago to see Manager Simpson in regard to the discharge of the four brothers, reported Simpson out of town, but would be back Saturday, so a special meeting was called for Saturday evening to give the committee time to see him. At the special meeting the committee reported having seen Simpson and his reason for discharging the brothers was that he did not need them. The local thought differently, as it is only three weeks since Simpson asked No. 54 to get him some men. The men were victimized because they were appointed on a committee to try a brother who had openly violated the rules of the Brotherhood. It was decided to have the brothers reinstated or the shop would be called out.

There are no signs yet of the china works starting up.

The Universal Sanitary shop will start up in full January 11. Nearly all of the employees have returned after their holiday vacations. Thomas Kirkham and Walter S. Combs, of this shop, report having a good time in East Liverpool with their many friends.

The claymakers at the Shenango started Tuesday and all the clayhands today. Prospects are good for a steady run.

Morgan Winters and family, who were visiting here, returned to East Liverpool Friday, accompanied by

John McCarron, who will spend a few days and hire a few pressers while there.

Walter J. McKee, who operates the big dish bench here, and Miss May Seibert were quietly married here last Saturday and have gone to housekeeping at 455 West Washington street. Their many friends wish them success. Miss Seibert worked till the holidays in the biscuit ware room of the K. T. & K. old end.

Tom Brooks, a presser at the Shenango, is tending bar at the Gilbert.

George Hazelhurst and family have returned from a visit to his brother in East Liverpool.

Dell Thomas, a popular mould maker, has gone to Sebring to take charge of the clay shops at the French. He was one of the most active members of No. 54 and all wish him success in his new position.

H. N. Smith, who was visiting here, has returned to East Liverpool.

NEW SHAPE POPULAR.

The D. E. McNicol pottery has just closed one of the most successful years in the history of the plant and has started upon 1904 with the best of prospects. The volume of business in 1903 was perhaps as large as in any previous year and altogether the record was very successful. The plant has resumed operations with almost a full force of operatives and in a few days more the holiday interruption will be entirely overcome.

Manager Robert Slack, of the decorating department, has that part of the establishment working as usual with a force numbering about 30. The new dinner shape, known as the "Regina," has been meeting with favorable comment wherever shown and promises to be a great seller during the year. The shape is very graceful and in strict good taste, which with its artistic decorations go to make it popular. Besides this new shape Manager Slack has seven new decalcomania designs for the old dinner shapes. The decalcomania movement is becoming more and more general to the detriment of the hand printed decoration. Manager Slack has a new printed design for toilets, however.

OFFICERS INSTALLED.

Local union No. 17 has been having some well attended and interesting meetings during the past two months and the affairs of the local were never in better shape, the men taking a general interest. At the last regular meeting the newly elected officers were installed and plans for a social session, to be held within a month, were discussed. It is proposed to invite President Duffy to make an address before the local and to make a social session out of the meeting. The date has not been definitely fixed.

The officers installed are: U. E. Price, president; Leroy Fowler, vice president; William McCoy, recording secretary; Ed L. Veith, financial secretary; George Richards, treasurer; James Hollenbaugh, 1 per cent secretary; George Dales, inside guard; Leroy Fowler, Charles Rodell and George Dales, trustees.

PIPE PLANTS IDLE.

All the sewer pipe plants of the American Sewer Pipe company in the Ohio valley are now closed with the exception of the Forest and Great Western plants at Toronto, which are now working on special sizes to fill out kilns. They will only remain in operation for a few days, and owing to the extreme cold weather it is not probable that any of the plants will resume operations before the spring

Western Pennsylvania—Fair and warmer Wednesday; Thursday rain or snow; fresh southwest to south winds, becoming westerly.

West Virginia—Fair and warmer Wednesday; Thursday fair.

meeting of the company, which occurs in March of this year. At that time a possible reduction may occur, which will be met by a solidified front by the numerous employees. In fact, the fight may result in many of the employees going to many of the new independent plants, owing to the better wage rate given by these independent concerns.

BIG IMPROVEMENTS.

The Sebring pottery is making some big improvements in the interior of their plant. The green room has been greatly enlarged. The dish makers will be moved into the old mould room and also two jiggers will be placed therein. This will give the plant a greater capacity and will add much to its convenience. C. D. Thomas, a former mould maker in the Sebring pottery, but of late employed at the Shenango pottery at New Castle has been installed as foreman of the clay shops and began his work today.

JOHNSON'S TUB.

Alfred Eardley, the well known dipper, has taken the tub at McNicol's vacated when Alfred Johnson resigned to take his position as sheriff of the county, to which he was elected at the November election. Mr. Eardley had been making extra time at the plant for several months. Several years ago he was employed at Burford's and is known as a good, steady workman.

WORKING FULL TURN.

The American China company at Toronto is again working full turn. The Chelsea China company at New Cumberland is making repairs to glaze pots, and when these repairs are completed will probably resume in full, as is the intention of the company.

POTTERY NOTES.

McNicol's received a car of baled straw yesterday.

The second car of bulk for this year was shipped to St. Louis today from McNicol's.

Henry Johnson, of the biscuit crew at McNicol's, was off duty yesterday owing to illness.

Bricklayers were at work yesterday at McNicol's placing a new bottom in one of the kilns.

Frank Gray, of the warehouse at McNicol's, has returned from a two weeks' visit with relatives at Raven's Rock.

Albert Akin, of the drawing crew at the Standard, has returned from a visit with friends and relatives at Salineville.

The girls in the glass warehouse at McNicol's were off duty yesterday. They worked through the holiday vacation, excepting Christmas and New Year's days.

Connecticut Trainmen Hurt.

Dunkirk, N. Y., Jan. 6.—Two freight trains on the Lake Shore collided near here and 24 cars were demolished and a locomotive was thrown down a 50-foot embankment into Canadaway creek. P. C. Ohaoin, engineer, and Edward Hadley, brakeman, both of Connecticut, O., were seriously injured.

THE PRESENT SCALE ADVANCED 10 PER CENT

Salineville Miners Instructed to Stand Up for an Increase at the Convention.

Salineville, January 6.—(Special).—At a mass meeting of the miners here delegates were chosen to the state convention at Columbus and the national convention to be held at Indianapolis. James Starkey was selected as the state delegate and Ottmar Lintner was the unanimous choice for the national convention.

The delegates were given strict instructions to maintain the present scale in all their deliberations at the coming convention, and to all stand by the demand which will be made for an increase of 10 per cent to be asked by the convention when it assembles. The delegates will represent the Slope, New Shaft, Cedar Hill, Strobble's, Deviney, Kirk and Sterling mines, which are all in the union. The delegates will receive their railroad fare, their time while attending the convention and expenses. It will cost the miners something over \$100 to send these two delegates to the convention.

The miners all have plenty of money in their reserve funds and should any difficulties arise they are well able to combat any move the operators may make. It is thought that no difficulties will come up in either convention.

GRAND BALL

To Be Given in Wellsville January 17 By Brotherhood of Trainmen.

The Brotherhood of Railway Trainmen will give their annual dance in city hall on January 27. This is one of the most interesting society events in Wellsville. Special trains on the C. & P. will be run that evening from East Liverpool and Wellsville, and it is expected that a larger attendance than at any previous season will be a feature.

The Brotherhood of Railway Trainmen has been increasing in membership rapidly of late, taking in from four to five new members at every Sunday's meeting.

It is proposed to make this event one of the finest and grandest within the history of the organization, and no expense will be spared to attain this result.

Refreshments will follow the grand ball on the evening mentioned.

BAYARD

Bayard January 6.—Twenty below zero yesterday morning. Winter in earnest and good sleighing.

Mrs. A. T. Shullenbarger and son Chester, of Wellsville, who have been visiting at the homes of their grandparents, Mr. and Mrs. Shullenbarger, and their daughter, Mrs. Benjamin Willis, since last Thursday evening, have returned home.

Saturday was certainly a day to try

the pluck of the mail carrier and all other travelers.

Mr. and Mrs. D. O. Emmons and son Karl were at the home of Mrs. Emmons' parents, Mr. and Mrs. Aaron Salvely, over Sunday.

Miss Elizabeth and Miss Mabel M. Little, who have been visiting their uncle, George Little, and family, near Cortland, Trumbull county, returned home yesterday.

School has commenced at No. 4 with a few less in attendance on account of the deep snow drifts. The roads

Cured After Suffering Ten Years.
B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says: "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Alvin H. Bulger (only).

TOO MANY WIVES.

Former Army Officer Arrested on Charge of Bigamy.

Minneapolis, Jan. 6.—Samuel Chase Hazzard, alias Samuel Hargrave, a former officer in the army, has been arrested in this city for alleged bigamy. Coupled with the name of Hazzard or Hargrave, as he is known in local insurance circles, is that of Dr. Linda Burfield and Viva Hazzard, nee Fitzpatrick, daughter of Senator Fitzpatrick of Nevada, Iowa.

The complainant in the case is Viva Hazzard, who says he is wife No. 2. Hazzard does not deny living with Viva Fitzpatrick Hazzard in this city. He does claim, however, that he and Dr. Burfield of this city, are legally and properly married and that she is his only wife according to law.

Hazzard says that 10 years ago he had a wife in New York, but that he was legally divorced from her.

WILL SUPPORT MINERS.

National Organization Stands Behind Strikes in Two States.

Indianapolis, Jan. 6.—At a conference between the national executive board of the United Mine Workers and President John Mitchell, Vice President Lewis and Secretary Wilson it was decided that the striking miners of district 15, commonly known as the Colorado district, and the miners of West Virginia, who are striking for an increase of pay, should be supported by the national organization.

Ten thousand miners are affected by this decision in the Colorado district and about 1,000 in West Virginia district.

SUGAR TRUST ORGANIZES

WEST VIRGINIA GROCERIES.

Clarksburg, W. Va., Jan. 6.—The consolidation of the principal wholesale grocery houses of Clarksburg, Fairmont, Grafton and Weston has been effected and will be conducted under one management. The American Sugar Refining company is financing the combination, which is expected to control the grocery business in central West Virginia.

Suicide Clause Void in Ohio.

Columbus, O., Jan. 6.—The supreme court has decided two cases involving the suicide clause in life insurance policies, holding that such restrictions are void. Judgment is given against two companies in a case where the insured committed suicide within two months after taking out the policies.

WELLSVILLE

UNSAFE BUILDINGS IN WELLSVILLE

Council Decides to Report Them to the State Building Inspector. Garbage Discussed.

Important action was taken on a number of questions at the city council meeting last evening. An ordinance was passed appropriating \$250 from the police fund to the general fund to meet approved bills. The city clerk was instructed to advertise for bids for street signs. He was also ordered to notify the state building inspector that few public buildings here had fire escapes and that the opera house had been condemned by council as devoid of protection. Councilman Shoub was appointed in place of Councilman O'Grady to attend the state meeting of city solicitors. An ordinance was passed to vacate an alley north and south of Highland avenue. The bill of Rinehart Bros. for a retaining wall was discussed and it was decided for council to meet the contractors January 20. Council decided to use its best endeavors to promote free delivery.

Mr. Marshall, of East Liverpool, representing Robert Burners, was before council by invitation and spoke on garbage plants. He said Butler, Pa., owed its epidemic to neglect of the garbage question. It was estimated that a plant adapted to Wellsville's needs would cost \$8,000. Mr. Burners offered to erect one for that amount and operate it for \$150 a month. No action was taken.

When Dr. W. C. Fraser, city poor doctor at a salary of \$72 per year, presented his bill for four months it was cut down to \$14. It is said Dr. Fraser refused to attend a poor patient, who, he claimed, was a county charge. Dr. Tarr was then sent and put in a bill for \$10, which was allowed. The \$10 was deducted from Dr. Fraser's salary.

Heavy Fines for Fighters.

At a hearing before Mayor Fogel last night, Q. Sharp was fined \$8.95, William Seavers, \$10 and costs, amounting to \$17, and Clarence Sharp, remanded for participating in a scrap in front of Adams' store, and an alleged assault on the proprietor, E. S. Adams, who, it was alleged, had informed on the parties on account of a previous scrap in front of the same store Sunday evening. Four witnesses testified to the unseemly acts of the participants and the weight of evidence showed they were guilty. Therefore Mayor Fogel administered hefty fines to teach them a lesson in good order and decorum.

Schools Are Flourishing.

The board of education will meet in regular session next Monday night. There is no prospect of any weighty matters being considered. Miss Mary Grant, of the West End school building, is laid up by illness and her place is supplied by Miss Amanda Johnston, a supernumerary. The schools at present are progressing most satisfactorily, and after the half yearly term the attendance has been all that can be expected, especially during the present inclement weather. There may be a few changes in rules after the meeting of the board, but these matters are at present only in embryo.

Pythians' Installation.

Silver lodge, K. of P. No. 182, held their annual installation Monday night in which the following officers were installed: C. C. L. M. Weigle; V. C. Sherd Barnett; J. M. A. William Cook; M. of F. J. T. Myers; M. of E. W. G. Stewart; K. of R. and S. James Davidson; I. G. John McClair; O. G. George Arb; trustee for four years, A. S. Rogers. The lodge is enjoying the greatest prosperity and increasing in membership right along.

Propose to Go Deeper.

The oil well drilled in by a Wellsville company on the McDonald farm, near Hammondsville, yesterday, got a little showing of oil, but drilling has been resumed and they are now down 700 or 800 feet in the Big Ingun sand. They propose to go on down to the Berea grit, a distance of perhaps of 1,200 or 1,300 feet. The prospects are for a good well.

A Contractor's Caravan.

John Murphy, the C. & P. railway contractor, sent 10 or 12 teams from the grading work in the vicinity of Ironside and Hammondsville overland to Youngstown yesterday. They passed through Wellsville en route, and were accompanied by much of the camp paraphernalia, making a striking and unique caravan, and attracting great attention.

Cold Stops Work.

The purchasing agent of the C. & P. was in Wellsville yesterday paying checks for considerable amounts to Wellsville parties from whom the company purchased lands for right of way.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

Under date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a complication of diseases for the past 25 years.

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing.

"She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalin, which we at once commenced, and have to say it completely cured her. She firmly believes that she would have been dead only for these wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me.

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. In my rounds as a traveling man I am a walking advertisement for Peruna and have induced many people during the past year to use Peruna with the most satisfactory results. I am still cured of catarrh."

John O. Atkinson.

Box 272, Independence, Mo.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people. This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Northern Ohio Oil Interests.

W. A. Watson, of Toronto, for quite a number of years connected with the Turkeyfoot oil interests of the Standard Oil company, passed through Wellsville last night on his way to Bowling Green, near Toledo, where, in company with a number of Cleveland capitalists, he will drill a number of oil wells in that vicinity.

Exodus of Italians.

Twelve Italians left last evening for New York and will go to sunny Italy. Many have left during the past few weeks. They have been working on double tracking, gravel trains and floating section gangs along the C. & P.

WELLSVILLE SHORT STORIES.

Henry Blackburn, of Center street, has returned to College at Cleveland. J. C. McClair, a brakeman on the C. & P., has moved his family from Steubenville to Wellsville.

E. G. Burns, claim agent for the C. & P., was in town this morning on his way to Toronto and Cleveland.

Paul Menough and Miss Edna Dugan, of Main street, returned to the State university at Columbus yesterday.

Oscar Menough and wife leave today for Eustis, Florida, to spend some weeks there in search of health and recreation.

The Walker Sewer Pipe works of

the American régime are now closed down, making extensive repairs and taking stock for the new year.

Mrs. Henry Aten and daughter leave tomorrow for San Antonio, Texas, to spend about three months in that healthful and invigorating climate.

W. H. Houser, brother of Chief Houser, has just returned from a visit to his brother and sisters at Findlay, and reports a most enjoyable time.

The Wellsville shops Athletic base ball club will hold a grand social ball in city hall on the 18th, at which it is expected many out-of-town guests will be present.

C. H. Salyers, who has been prominently engaged in the contracting business in the West End for the past few months, has moved his family and household goods to Sattlettsburg, Ky.

The weekly prayer service at the M. E. church will be continued next week, and Dr. Toland will be assisted by a number of prominent ministers within the confines of the East Ohio conference.

His Estimate of Froude.

Hannis Taylor, in his argument before the Alaskan boundary commission, told a story of Edward A. Freeman, the English historian, whom he knew well. On one occasion, when dining with him at a hotel in St. Louis, Mr. Taylor innocently asked him, "Mr. Freeman, what is your estimate of Froude as a historian?" Said Mr. Taylor: "He looked at me in a strange kind of way, and then he replied: 'I will tell you what I think about Froude. If ever you read anything he writes read it with care. Read it over and over again and fix it in your mind so that you will never forget it, for then you will know one thing for certain, and that is that by no possibility did it ever happen in that way.'"

RUSSIANS PREPARED

Ships at Vladivostok Are Said to be Clearing for Action.

OTHER ADVICES ARE PEACEFUL

St. Petersburg Cablegrams Say That Russian Reply to Japan Is Very Conciliatory in Character—Peace Agreement Is Expected Soon.

Tokio, Jan. 6.—The Russian reply to Japan has not yet been received. It is reported from Vladivostok that the Russian squadron there is preparing for action.

An extra edition of the Official Gazette has been issued containing army and navy orders prohibiting the publication of any reports of the movements of troops or vessels from this time on. Otherwise the Japanese authorities are not interfering with press messages.

Chefoo, Jan. 6.—Eight thousand Japanese are reported ready to land at Masampo. Their landing probably means war.

Paris, Jan. 6.—The St. Petersburg correspondent of the Paris edition of the New York Herald says he is authorized to state that Admiral Evana has been instructed not to allow the movements of his warships to be such as to encourage the construction that the United States is supporting Japan. The correspondent says that the action of the Washington government is sincerely appreciated, the conviction in high quarters being that Japan, if unsupported, will not declare war.

St. Petersburg, Jan. 6.—In her reply to Japan, Russia made great concessions and hopes her proposals will prove acceptable to Japan. The foreign office has informed the Associated Press that instructions had been sent to Viceroy Alexieff, on which the reply was based. The latter was drawn up in the most conciliatory spirit. Some of the Japanese proposals were accepted, while others were made the subject of extended observations and were met by counter proposals.

There are strong hopes in many circles that on Thursday next, the Russian Christmas, the czar may be able to announce that peace is assured.

The flurry on the bourse is explained by bankers as being due to the annual settlement operations and they add that it was wholly uninfluenced by the far eastern situation.

Paris, Jan. 6.—An official dispatch sent from Tokio says the minister for foreign affairs had not received the Russian reply. The officials here conclude from this that Viceroy Alexieff is awaiting an opportune moment to present it. No direct word has been received from St. Petersburg that the reply has been forwarded, but the unofficial reports to the effect that the answer has been made are considered correct.

Cologne, Jan. 6.—According to advices received by the Cologne Gazette from St. Petersburg the terms of the Russian reply to Japan were decided upon at a council presided over by the czar and attended by the Grand Duke Vladimir and Alexis, the foreign, war and marine ministers and M. Witte, president of the council of ministers. This correspondent, like others, understands that the reply renders a peaceful issue possible.

Genoa, Jan. 6.—Admiral Miri of the Japanese navy, accompanied by his staff, has arrived here to assume command of the cruisers Kasaga and Niasin, formerly the Moreno and Rivadavia, respectively, which were built here for the Argentine government and were purchased by Japan. The admiral and his staff have gone to Pozzuoli to secure cannon for the cruisers.

Seoul, Korea, Jan. 6.—A detachment of 35 marines from the United States steamer Vicksburg, now lying at

Quiet prevails here but the palace is heavily guarded by the Korean army. The movements of the Japanese troops and fleet are unknown here. The attitude of the Korean government is unchanged. Solicitude is shown as to what may happen on the arrival of Japanese troops.

ANARCHY PROMPTS MURDER.

Porto Rican Workman Is Killed by Labor Agitator.

San Juan, P. R., Jan. 6.—Simplicio Diaz, the foreman of a large cigar factory at Aguas Buenas, was murdered in the presence of a large crowd. The murderer was Basilio Forrester, a labor leader, who was angered at his inability to foment a strike of cigar-makers. Diaz was shot in the heart and brain and died immediately.

Forrester glories in his crime and says that it was his duty to remove Diaz. He predicts that there will be three more killings within a few days. Anarchist literature was found in Forrester's pocket, proving to the authorities that avowed anarchists are present and active in Porto Rico.

Diaz was popular and the murderer narrowly escaped summary vengeance at the hands of those who witnessed his crime.

A Late Repentance.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

EAST END

REPORT WILL BE PARTLY FAVORABLE

Inspector Craighead Will Recommend Extension of Carrier System in Part of East End.

As a result of the petitions from the citizens of the East End asking the postoffice department to extend the carrier system, Inspector Charles W. Craighead, of Coshocton, visited the city yesterday and accompanied by local postoffice officials, made an inspection of the territory. Inspector Craighead, accompanied by Will Baird, of the East End station, visited the entire section yesterday afternoon and in the evening Inspector Craighead met a number of those interested at the East End station. The matter was generally discussed.

It is understood that the inspector gave every assurance that his report would be favorable to a certain extent. He found that the carrier system can be extended in compliance with the rules of the department as far east as Central avenue, and west to Belleek street, the pavements and house numbers being such as to come within the requirements. It is feared, however, that his report on the vast territory east of the avenue named will be adverse and it was stated this morning that he advised the petitioners to ask for either a rural route or another substation to serve that district. East of Central avenue, which intersects Pennsylvania avenue near the western end of Columbian park, there are no paved walks and the houses are not numbered.

Among the residents of the extreme East End present at the meeting last night was Daniel J. Smith, president of the East End Improvement association. They will insist that the carrier system be established and not until the department rejects the request will they try for other relief. It has been suggested that another substation be established at the intersection of Elizabeth avenue and the railroad or that a rural route from Station A be established. The latter plan would give one free delivery a day and would include the people in Calhoun's addition and Dixon's.

Dangerously Ill.
The many friends of Mr. William Heaster and family, formerly residents of Mulberry street, but now living at Empire, will be pained to learn that his 5-year-old daughter, Annie, is in a precarious condition. She has been suffering with spinal meningitis for several weeks and it is feared that death will result.

Suffering in Outlying Districts.
There has been considerable suffering in the sections of the East End not reached by the gas mains. The people burn coal for fuel and delivery of the fuel from the banks in the neighborhood has been greatly retarded owing to the almost impassable condition of the roads.

EAST END AFFAIRS.
Miss Marie Bryan, of New Baltimore, is visiting her aunt, Mrs. S. R. Dixon, of St. George street.

A sleighing party composed of about 15 East End young people visited the home of George Thompson, of Little Beaver, last night.

Conductor Frank Jackman, of the East Liverpool line, returned to work yesterday morning after being off duty almost a month owing to illness.

J. M. Buckle, the jeweler, one of the latest recruits of the army of benefactors, has gone to housekeeping in comfortable rooms on Mulberry street.

H. S. Geer, of Mulberry street, the well known bricklayer, has returned from Freeport, where he has been working and will remain here until the weather moderates.

The recently elected officers of Local No. 52, Amalgamated Association of Street Railway Employees, will be installed at the meeting to be held Saturday night, January 23.

Motorman Will Kincaid, of the East

FROM LAST TO FIRST

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed.

Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

Mrs. Lillie Gregory, living near the Klondike pottery, received word last evening that her son, Charles A. Gregory, employed on the C. & P. railroad, had been taken suddenly ill with appendicitis and that an operation would be performed at a Pittsburgh hospital today. The message came through the dispatcher's office at Wellsville to Robert Baird and he sent a messenger to the Gregory home. Mrs. Gregory and daughter Florence left for Pittsburgh this morning.

HALL WILL BE READY.

Hanna at Chicago Makes Arrangements for Big Convention.

Chicago, Jan. 6.—Senator Hanna, chairman of the national Republican committee, last night attended a conference here on the plans for the national Republican convention. Harry S. New, secretary of the subcommittee of the national executive committee, came from Indianapolis to meet Senator Hanna. National Committee-man Graeme Stewart and Samuel Raymond, chairman of the local committee in charge of the arrangements, took part.

Mr. Stewart and Mr. Raymond assured Chairman Hanna and Mr. New that the coliseum would be in readiness for the convention on June 21. The special committee, which, in addition to Chairman Hanna and Mr. New, comprises Senator Scott of West Virginia, H. C. Payne of Wisconsin and R. B. Schneider of Nebraska, will meet here Feb. 5. Senator Hanna is suffering from a slight attack of grip.

Member of Diet Murdered.
Budapest, Jan. 6.—Paul Eremita, a liberal member of the Hungarian Diet, was murdered at Nagy Kikinda by two peasants. He was shot and beaten to death with iron bars. The motive was revenge for the loss of a lawsuit brought by the father of the murderer against Herr Eremita.

POWELL'S TEAM WON THE SERIES

Imperial Alleys Scene of Another Interesting Bowling Match Last Night.

Another interesting bowling match was witnessed on the Imperial alleys last evening, the contesting teams being captained by Powell and Rigby. The former bunch won two of the three games of the series. Powell made the highest score, 190 and Williams got out with the best average, 171. Duck bowling will commence this evening when Bruant's team will do battle with the crack team of Wellsville. The individual scores of last night follow:

Powell's team—Powell, 129, 178, 190; Logan, 165, 170, 131; Litten, 131, 113, 145; McEride, 168, 87, 133; Rose, 113, 138, 142.

Rigby's team—Williams, 161, 169, 83; Heddlestone, 112, 136, 119; Wells, 129, 147, 122; Llewellyn, 149, 168, 159; Evanicka, 121, 122, 126.

SPORTING MISCELLANY.

Pittsburg gets the annual amateur speed skating championship meet. It will be held next month.

The New York Americans have spring games with Yale and Columbia and it is likely that Harvard will also secure a date.

Lajoie says he cares little about the base ball rules as long as the pitcher is forced to put a ball over the plate once in a while.

Gus Ruhlin says that if he cannot put Jeffries out in 20 rounds he does not want a cent. Ruhlin shows possibilities as a humorist.

Pitcher Bernhard, of the Cleveland club, has built a home at Los Angeles and will reside there permanently after his base ball career closes.

That great race horse Blues may be started in the \$50,000 St. Louis handicap. Gold Heels will also be in it and many other of the crack racers.

Boat builders concede that the advent of the automobile has done much toward convincing their customers of the practicability of the gasoline motor.

As yet the New York club has not waived claim to Kid Gleason, who was loaned to the Philadelphia Nationals last season. There is hope in Philadelphia, however, that he will not be recalled.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be averted by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance, it is pleasant to take—both adults and children like it. Buy it and you will get it. It always cures. Sold by Alvin H. Bolger.

COUNTY AND NEIGHBORHOOD

William Speers, of Benwood, 60 years old, dropped dead in a Wheeling saloon.

There were only 35 sheriff's sales in Stark county last year, as against 71 in 1932.

Charles Angle, of Unionport, is in jail, charged with robbing the railroad depot in that town.

Mr. and Mrs. Albert Eden, of Toronto, were overcome by the fumes of a gas stove and narrowly escaped asphyxiation.

Frank Makin, a 17-year-old boy, employed in the blowing engine room at the La Belle Iron works, Steubenville, had his skull crushed by a fall and died at the Gill hospital.

The work of equipping all passenger trains on the Pennsylvania lines with electric lights is rapidly progressing, and by spring the oil and gasoline lamp will be relegated to the scrap heap.

The Mingo mill and steel plant has started. At a conference the union mill puddlers and furnace hands agreed upon a scale for the year. The mill will go on in full within the next few days.

Alonso B. Phillips, a Bethany graduate, is dead at Augusta, Ga., aged 42. A wife and two children survive. He was reared near Barnesville, O., and was an eloquent preacher of the Christian church.

Alliance promises to produce a genuine sensation by the agitation over the question whether one of the policemen has accepted bribes from saloonkeepers to save them from arrest for violation of the closing ordinance.

WEDNESDAY, JANUARY 6, 1904.

Uncle Sam begins the calendar year 1904 under rather happy auspices. He has just rolled up a very handsome credit balance in the treasury, and he has a fair chance to increase it in the next few months.

In the fiscal year which began on July 1, 1903, the drift of things in the treasury was against the government for several months.

At the end of November, which finished five months of the fiscal year, the government's expenditures exceeded its receipts to the extent of \$2,000,000.

The tide then made an abrupt turn, and December's receipts exceeded its expenditures to such an extent that the previous deficit has been wiped out, and there is a balance of considerably over \$8,000,000 on the right side at the beginning of January, 1904, for the first half of the fiscal year.

Chester's anxious period will soon be at an end. The interest taken in municipal politics on that side of the river is a healthy indication. It shows that the people are awake to the importance of having men in office who will look faithfully after the welfare of the town. From the list of candidates announced the citizens should have no difficulty in selecting able and progressive men, who will serve them faithfully and see that Chester's prosperity is not hampered for lack of foresight on the part of its town officials.

Luke E. Wright, the new governor of the Philippines, is a Democrat, but that does not necessarily imply that he is the wrong Mr. Wright. Besides, several conspicuous Filipinos, Aguinaldo among them, have been suspected of Democratic leanings, and he may be popular among them.

East Liverpool is too prosperous as well as too humane to permit any suffering for lack of food and fuel. The township trustees say they are care-

fully investigating every case of distress reported and giving relief where relief is needed. This is as it should be. Better to err on the side of generosity than to display a parsimonious spirit in dealing with matters of this kind.

It is said demands will be made upon the Ohio legislature for appropriations amounting to \$10,000,000. And the surplus is less than \$3,000,000. Hence the good sense of Gov. Nash's plea for economy.

Twenty-five crockery buyers are reported in the city at present—a very wholesome indication that the demand for East Liverpool's staple is not likely to languish for a while.

Uncle Sam last year spent \$17,000,000 more than during the previous year, but he put most of the money into the new navy, and it certainly was not wasted there.

Won't William Jennings Bryan just boil over when he lands and finds the eastern Democracy shouting vociferously for another term for Grover Cleveland?

The czar will advance several notches in popular esteem if he averts a war with Japan. And goodness knows he has need of adding to his popularity.

The Colombians have now learned what Americans discovered long ago, namely, that President Roosevelt doesn't scare worth a cent.

January is less than a week old, but she has already settled the fact that her mean temperature is to be of a low-down sort.

Well, the frost is over, unless the inevitable thaw should prove a more serious matter than the cold snap.

The Hearst presidential boom isn't booming much outside of the Hearst syndicate of newspapers.

Hereafter Chicago will probably have building inspectors who will inspect.

OBITUARY

Mrs. Daniel Grafton.

Mrs. Daniel Grafton, aged 80, died yesterday afternoon at 4:30 at the home of her son Emmet in Madison township after an illness of a year or more from complications due to old age.

She has been an old resident of the township, her husband dying some 10 years ago. Two daughters also reside at the old homestead. She leaves a long line of connections and relatives in the county. The funeral services will take place Friday at 12 o'clock on the arrival of a son from the west, at Bethel church, the former pastor, Rev. Mr. Gray, officiating. She was a member for many years of Bethel church and was highly respected throughout the entire community.

Hugh Cameron.

Salineville, January 6.—(Special).—The sad intelligence of the death of Hugh Cameron, of Danville, Ill., has reached his brother, Charles Cameron. Mr. Cameron was well known to many Salineville citizens and was many years ago a familiar personage on the streets of the village. He was employed in the mines while here and was genial and pleasant. He was a brother of Charles and Alex Cameron, two of Salineville's best citizens, and also a brother of State Treasurer I. B. Cameron.

Death of a Child.

The funeral of the little daughter of Mr. and Mrs. R. S. Reynolds, of the Klondike, who died Monday night, was held this afternoon from the home. The parents came here lately from St. Mary's, W. Va.

Honaker Is Indicted.

Wheeling, Jan. 6.—True bills indicting Flain Honaker, who is said to have assaulted a Sister of Charity at the Elm Grove convent, have been returned by the grand jury. His victim is said to be in a serious condition.

Sacred Waters Radio Active.

Rome, Jan. 6.—Dr. Francellini states that the source of the Clitumnus, a small Umbrian river sacred to the Romans, may contain radium. He bases his opinion on a description by Pliny and passages in the works of many writers and poets from Virgil to Byron and Carducci. The waters at the source of the river are the color of violet. The subject is being studied by scientists.

FRIENDS AND VISITORS

Rev. J. W. Correll is a Malvern visitor today.

Robert J. Owens has returned to his home at Wheeling after a business trip to this city.

Mrs. James Custer, of Canton, is a guest at the home of Mr. and Mrs. E. W. Rosensteel, of this city.

James Waddell, who has been confined to his home on Eighth street for several days by illness, is able to be out.

H. E. Zehm, who has been visiting at the home of Mr. and Mrs. E. W. Rosensteel, has returned to his home in Wheeling.

Samuel Kerr, a motorman on the East Liverpool railway, is recovering from an attack of pneumonia at his home near Columbian park. Mr. Kerr was very ill for several weeks, but is now out of danger.

James Lane, of Lancaster, N. Y., who has been visiting his brother, Charles Lane, of Bank street, and sister, Mrs. Ed L. Veith, of East Fourth street, has returned to his home. Mr. Lane and Mrs. Veith had not seen their brother for 26 years and the visit was one of great enjoyment.

AT THE THEATER

Chester DeVonde and his clever company are presenting excellent plays at the Grand this week in a style that the public highly appreciates. Last night "Boomed" was the attraction, and pleased a large house. Tonight "Dr. Jekyll and Mr. Hyde."

What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only).

TRADES UNION LABEL COUNCIL

WEDNESDAY, JANUARY 6, 1904.

Uncle Sam begins the calendar year 1904 under rather happy auspices. He has just rolled up a very handsome credit balance in the treasury, and he has a fair chance to increase it in the next few months. In the fiscal year which began on July 1, 1903, the drift of things in the treasury was against the government for several months. At the end of November, which finished five months of the fiscal year, the government's expenditures exceeded its receipts to the extent of \$2,000,000. The tide then made an abrupt turn, and December's receipts exceeded its expenditures to such an extent that the previous deficit has been wiped out, and there is a balance of considerably over \$8,000,000 on the right side at the beginning of January, 1904, for the first half of the fiscal year.

Chester's anxious period will soon be at an end. The interest taken in municipal politics on that side of the river is a healthy indication. It shows that the people are awake to the importance of having men in office who will look faithfully after the welfare of the town. From the list of candidates announced the citizens should have no difficulty in selecting able and progressive men, who will serve them faithfully and see that Chester's prosperity is not hampered for lack of foresight on the part of its town officials.

Luke E. Wright, the new governor of the Philippines, is a Democrat, but that does not necessarily imply that he is the wrong Mr. Wright. Besides, several conspicuous Filipinos, Aguinaldo among them, have been suspected of Democratic leanings, and he may be popular among them.

East Liverpool is too prosperous as well as too humane to permit any suffering for lack of food and fuel. The township trustees say they are care-

fully investigating every case of distress reported and giving relief where relief is needed. This is as it should be. Better to err on the side of generosity than to display a parsimonious spirit in dealing with matters of this kind.

It is said demands will be made upon the Ohio legislature for appropriations amounting to \$10,000,000. And the surplus is less than \$3,000,000. Hence the good sense of Gov. Nash's plea for economy.

Twenty-five crockery buyers are reported in the city at present—a very wholesome indication that the demand for East Liverpool's staple is not likely to languish for a while.

Uncle Sam last year spent \$17,000,000 more than during the previous year, but he put most of the money into the new navy, and it certainly was not wasted there.

Won't William Jennings Bryan just boil over when he lands and finds the eastern Democracy shouting vociferously for another term for Grover Cleveland?

The czar will advance several notches in popular esteem if he averts a war with Japan. And goodness knows he has need of adding to his popularity.

The Colombians have now learned what Americans discovered long ago, namely, that President Roosevelt doesn't scare worth a cent.

January is less than a week old, but she has already settled the fact that her mean temperature is to be of a low-down sort.

Well, the frost is over, unless the inevitable thaw should prove a more serious matter than the cold snap.

The Hearst presidential boom isn't booming much outside of the Hearst syndicate of newspapers.

Hereafter Chicago will probably have building inspectors who will inspect.

OBITUARY

Mrs. Daniel Grafton.
Mrs. Daniel Grafton, aged 80, died yesterday afternoon at 4:30 at the home of her son Emmet in Madison township after an illness of a year or more from complications due to old age. She has been an old resident of the township, her husband dying some 10 years ago. Two daughters also reside at the old homestead. She leaves a long line of connections and relatives in the county. The funeral services will take place Friday at 12 o'clock on the arrival of a son from the west, at Bethel church, the former pastor, Rev. Mr. Gray, officiating. She was a member for many years of Bethel church and was highly respected throughout the entire community.

Hugh Cameron.
Salineville, January 6.—(Special).—The sad intelligence of the death of Hugh Cameron, of Danville, Ill., has reached his brother, Charles Cameron. Mr. Cameron was well known to many Salineville citizens and was many years ago a familiar personage on the streets of the village. He was employed in the mines while here and was genial and pleasant. He was a brother of Charles and Alex Cameron, two of Salineville's best citizens, and also a brother of State Treasurer I. B. Cameron.

Death of a Child.
The funeral of the little daughter of Mr. and Mrs. R. S. Reynolds, of the Klondike, who died Monday night, was held this afternoon from the home. The parents came here lately from St. Mary's, W. Va.

MINING BROKERS ARRESTED.

Chicago Men Charged With Using the Mails to Defraud.
Chicago, Jan. 6.—Frank Jager and John Jager, well known as mining stock brokers and promoters, have been arrested on the charge of using the mails in a scheme to defraud.

The arrests were ordered after an inquiry had been made into methods of the Model Gold Mining company and the Jager Oil company. Upwards of \$800,000 is involved. Their bonds were fixed at \$3,000 each and they were released on bail. According to the federal officers the following mines and oil wells are included in the lists of those fraudulently misrepresented in advertising matter sent through the mails: McCabe Model, Wolfstone, American Gold and Copper, Jessie Helen No. 3, Gold Bug, Sink to Rise, North Model, Alta, McKinley, Helen No. 2, Copper Queen, Liberty Bell, Bruce, Monopolis, Herron, Bashelor, Tom Reed, Copper Crown, Belmont, Jager Oil company, Model Oil company, Smokeless Briquette company. Inspector Ketcham said he did not make the claim that the properties are of no value but that the representations as to the earnings of the properties are fraudulent.

NO COMMON DIVIDEND.

Steel Corporation Earnings Show Large Shrinkage.

New York, Jan. 6.—The dividend on United States Steel common was passed at the quarterly meeting of the directors, but the regular 1 1/2 per cent was declared on the preferred stock. At the previous quarterly meeting the common dividend was cut from a 4 to a 2 per cent basis.

The statement of earnings for 1903 shows a great shrinkage in the business of the corporation. Net earnings (December estimated) aggregate \$108,979,012, as against \$133,308,763 in 1902, and \$105,947,160 in the first nine months of the corporation's history in 1901. Briefly, business for the 12 months of 1903 was only about \$3,000,000 in excess of that for the first nine months of the corporation's existence.

For the last quarter of 1903 net earnings (December estimated at \$3,100,000) were \$1,845,042, as against \$3,148,759 for the same quarter in 1901. Thus earnings for the last quarter were decidedly less than half of those in 1902. It is probable when complete returns are in for December, 1903, that the last quarter may show slightly more than 50 per cent of earnings for the same period of 1901.

What a Cleveland Lady Says:

This is to certify, that I have been a great sufferer from stomach disease. I have tried everything I could hear of and a good number of doctors, and failed to get permanent relief. I had heard of Vetter's Dyspepsia Remedy through a friend of mine in Youngstown, Ohio, and concluded to try it. I found almost instant relief from the first bottle. I suffered from all the different symptoms caused by indigestion and dyspepsia, such as acid stomach, chills, and I used several bottles of Vetter's Dyspepsia Remedy, and have so much confidence in it after what it has done for me that I recommend it to everyone suffering from dyspepsia.

WARNING WAS GIVEN

Asbestos Curtain Refused to Work at Fire Previous to Fatal One.

ALL PROTESTS WENT UNHEEDED

More Evidence of Damaging Character Is Given Against Management of Ill-Fated Theater — Prudence Would Have Saved Many Lives.

Chicago, Jan. 6.—Evidence showing gross criminal negligence than anything previously developed was given under oath in the fire department investigation of the Iroquois horror.

Joseph Dougherty, who had charge of the curtain, swore that two weeks ago during a matinee performance there was a fire on the stage and that when he attempted to lower the asbestos curtain it was stopped by the same obstruction that prevented its operation the fatal afternoon.

The curtain manager declares that he protested at that time, but that no attention was paid to his warning. In his opinion, if the curtain had been run down during the fatal matinee the lives of many if not all the victims of the disaster might have been saved. It was only by the merest chance that a panic was averted as the result of the first fire. The sky-light at that time, he said, was securely closed.

The special committee of the city council appointed to investigate the condition of the local theaters and to report upon what alterations are necessary to make them conform to the building ordinances held its first meeting.

According to the statement of Alderman Friestedt, one of the members of the committee, it is doubtful if 35 per cent of the theaters ever reopen their doors. Strict adherence to the building laws would require that every one of the playhouses in the city be of fireproof construction, and this would require the demolition and rebuilding of the majority of the theaters.

Alderman Jones, chairman of the committee, said: "We will first revise the building ordinances. Then we will visit the theaters and decide what alterations will be necessary to make the construction of the houses conform to the law. Of course the owners of the theaters will do nothing until they know just exactly what the amended ordinances will demand of them, but they will be obliged to reconstruct their theaters to conform with the ordinances we are going to prepare."

Alderman Friestedt declared: "Some of the leading theaters in Chicago cannot conform to the ordinances unless they are entirely rebuilt, and they may find it too expensive to make the changes."

The attorneys of the fire department caused the arrest of four employees of the Fuller Construction company, David Jones, a masonry foreman, and Angus McKay, Otto Rauch and John Kingston, iron workers.

It had been charged that Jones and his men broke the skylights on the theater after the fire in order to destroy possible evidence. It developed after the arrest of Jones and his men that the skylights were blocked by scantlings and tied with wire to prevent their opening and that neither of them had been opened since the theater was built. Jones said:

"I took the three ironworkers with me up through an adjoining building and out upon the theater roof over the stage. First, I removed the wooden scantlings which blocked the skylights. Then I found the lights tied with wire inside and broke two panes of glass to get at the wires to untie them. I finally got the wires off and opened the lights."

Jones was asked why he went to the roof of the theater, and replied that he had been told that the north wall had been cracked in the fire and went to see if it was true. He declared he had loosened the skylights because he feared they might fall through and injure somebody on the stage.

"Why did you take three ironworkers with you to inspect a brick wall?" asked Attorney Fulkerson of the fire department.

Jones was confused, but finally answered that the men went with him through curiosity. He admitted that the ironworkers helped him open the skylights and worked with him about the roof for half an hour. Although he said he went to the theater of his own accord and without orders from the Fuller Construction company, he admitted that he should have been in another building where he had been working.

When asked how he was going to explain to the company that employed him why he had taken three of their employees and kept them with him for practically an hour in order to satisfy his curiosity, Jones could make no satisfactory reply.

YOUR BRAIN NEEDS BLOOD

It Cannot Run Without Fuel—Dyspeptic Stomach a Poor Fireman.

If you want a strong, active brain, you must take care of your stomach. Brain workers are always the first to suffer from indigestion and dyspepsia.

They are also first to give way under the strain. An active brain requires plenty of rich, red blood. Dyspepsia shuts off the blood supply. Food cannot digest—cannot yield nourishment.

Take a Rexall Dyspepsia Tablet each evening and you'll do three times as much work the next day. It will put your stomach right, get your bowels into condition and fill your arteries with good blood.

BUSINESS MAN TELLS HIS EXPERIENCE.

"I suffered for many years from loss of energy and ambition. I experienced colicky pains and severe bilious headaches. For days I would be incapacitated from attending to business. All food tasted the same to me. I took one package of Rexall Dyspepsia Tablets and was wonderfully benefited. Since that time I have never been without them. When I feel any of the distressing symptoms mentioned above I take the tablets as directed. I find myself substantially cured and now eat food that formerly I dared not touch."—Charles M. KNAPP GIVEN NEW TRIAL

Alleged Murderer of Five Persons Gets Another Chance.

Hamilton, O., Jan. 6.—Alfred A. Knapp, self-confessed murderer of five persons, in penitentiary at Columbus awaiting execution for murder of his wife, has been granted a new trial by Judge Swing.

The principal ground on which the new trial was granted was alleged error in allowing Knapp's written confession of five murders to be read to the jury. The court held that while the part relating to the murder of his wife was admissible, it was not admissible in connection with the recital of other crimes. The court said:

"The confession of so many cold-blooded crimes could be the work of only a fiend or a maniac, and it could not fall to prejudice any person who heard it read."

The court held that the state had failed to prove the allegation in the indictment that Knapp had killed his wife by choking and strangling and that it had not been shown how she came by her death.

SALINEVILLE

Salineville, January 6.—(Special.)—The thermometer touched 28 below zero in Salineville yesterday morning before daylight. This marks the coldest weather since the winter of 1893 in Salineville, which showed 27.

The rural mail carriers failed to make their complete trips Monday on account of the roads not being open. Both carriers experienced the coldest weather so far since their routes were established.

The hard freezing has made the water supply in the country districts a big item. One farmer while in town Monday said that he was compelled to drive his stock over a mile to get them to water.

Workmen at the Dresden China company have been busy at night keeping the steam pipes open and secure from freezing.

Peter Maley and wife are the happy parents of a fine baby girl.

The home of Mrs. Thomas Smith came near being the scene of a fire Monday forenoon when it was discovered that the sill under the grate front was on fire. The timely assistance of Pres Goddard and M. H. Marietta soon checked the blaze.

The churches of the village are observing a week of prayer this week. The first meeting was held in the Presbyterian church Monday evening and a general conference on the subject of prayer was held. All the ministers attended the meeting, which was full of interest. Tuesday evening Rev. J. L. Grimm delivered a sermon on temperance. Wednesday evening A. W. Myers will deliver a sermon on missionary work. Thursday evening F. E. Dean will deliver a sermon on the church. Friday evening Rev. S. A. Peregov will deliver a sermon on the unsaved.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly it doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any symptoms are felt. The blood is the first point of attack, and the poisonous acids that cause the aches and pains are then distributed through the circulation, to different parts of the system, and settle in joints, muscles and nerves; and when the system is in this condition it needs only some exciting cause like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acid matter in the joints and muscles. Some people are almost helpless from the first, while others have occasional spells, or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form. It grows worse as we grow older, and frequently stiffens the joints, draws the muscles out of shape and breaks down the nervous system. A disease that originates in the blood, as Rheumatism does, cannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medicine accomplishes this in so short a time as S.S.S., which not only neutralizes the acids and counteracts the poisons, but builds up the general health at the same time.

RHEUMATISM IN ELBOWS, WRISTS AND KNEES.

Urbana, Ohio, Aug. 25, 1903.
Last winter I had a severe attack of Rheumatism. It started in the right elbow, and from there to my wrists; the right wrist was the worse. It became swollen and extremely painful. My left knee joint was the next place to be attacked. It became swollen and of course painful. The next point to be affected was the hip and ankle, which gave me much trouble. I was barely able to get about for some time. I was under treatment of a physician for a while, but getting no better I began to S. S. S., and after taking it for some time I was entirely relieved of the Rheumatism. All swelling and soreness disappeared. I consider S. S. S. an excellent remedy for Rheumatism and all troubles having their origin in the blood.

The Story of

Uneeda Biscuit

We never tire of telling the story of **Uneeda Biscuit**.

Uneeda Biscuit are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption made it well worth while to make the best soda cracker that could be made, and to place it on the table as good as it had been made.

To do the first required the selection of the best materials and the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of broader minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was a beautiful royal purple and white package—that kept out the air, moisture and dust; that retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table.

To-day, nearly three hundred million packages of **Uneeda Biscuit** have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it over again for the benefit of those who are still "in the habit" of buying stale and broken crackers in a paper bag, when they can get **Uneeda Biscuit** whole, fresh and clean in an air-tight package.

Former Army Officer Arrested on Charge of Bigamy.

Minneapolis, Jan. 6.—Samuel Chase Hazzard, alias Samuel Hargrave, a former officer in the army, has been arrested in this city for alleged bigamy.

Coupled with the name of Hazzard or Hargrave, as he is known in local insurance circles, is that of Dr. Linda Burfield and Viva Hazzard, nee Fitzpatrick, daughter of Senator Fitzpatrick of Nevada, Iowa.

The complainant in the case is Viva Hazzard, who says he is wife No. 2. Hazzard does not deny living with Viva Fitzpatrick Hazzard in this city. He does claim, however, that he and Dr. Burfield of this city, are legally and properly married and that she is his only wife according to law.

Hazzard says that 10 years ago he had a wife in New York, but that he was legally divorced from her.

WILL SUPPORT MINERS.

National Organization Stands Behind Strikes in Two States.

Indianapolis, Jan. 6.—At a conference between the national executive board of the United Mine Workers and President John Mitchell, Vice President Lewis and Secretary Wilson it was decided that the striking miners of district 15, commonly known as the Colorado district, and the miners of West Virginia, who are striking for an increase of pay, should be supported by the national organization.

Ten thousand miners are affected by this decision in the Colorado district and about 1,000 in West Virginia district.

WELLSVILLE

UNSAFE BUILDINGS

IN WELLSVILLE

Council Decides to Report Them to the State Building Inspector. Garbage Discussed.

Important action was taken on a number of questions at the city council meeting last evening. An ordinance was passed appropriating \$250 from the police fund to the general fund to meet approved bills. The city clerk was instructed to advertise for bids for street signs. He was also ordered to notify the state building inspector that few public buildings here had fire escapes and that the opera house had been condemned by council as devoid of protection. Councilman Shoub was appointed in place of Councilman O'Grady to attend the state meeting of city solicitors. An ordinance was passed to vacate an alley north and south of Highland avenue. The bill of Rinehart Bros. for a retaining wall was discussed and it was decided for council to meet the contractors January 20. Council decided to use its best endeavors to promote free delivery.

Mr. Marshall, of East Liverpool, representing Robert Burners, was before council by invitation and spoke on garbage plants. He said Butler, Pa., owed its epidemic of neglect of the garbage question. It was estimated that a plant adapted to Wellsville's needs would cost \$8,000. Mr. Burners offered to erect one for that amount and operate it for \$150 a month. No action was taken.

When Dr. W. C. Fraser, city poor doctor at a salary of \$72 per year, presented his bill for four months it was cut down to \$14. It is said Dr. Fraser refused to attend a poor patient, who, he claimed, was a county charge. Dr. Tarr was then sent and put in a bill for \$10, which was allowed. The \$10 was deducted from Dr. Fraser's salary.

Heavy Fines for Fighters.

At a hearing before Mayor Fog last night, Q. Sharp was fined \$8.95. William Seavers, \$10 and costs, amounting to \$17, and Clarence Sharp, remanded for participating in a scrap in front of Adams' store, and an alleged assault on the proprietor, E. S. Adams, who, it was alleged, had informed on the parties on account of a previous scrap in front of the same store Sunday evening. Four witnesses testified to the unseemly acts of the participants and the weight of evidence showed they were guilty. Therefore Mayor Fog administered salty fines to teach them a lesson in good order and decorum.

Schools Are Flourishing.

The board of education will meet in regular session next Monday night. There is no prospect of any weighty matters being considered. Miss Mary Grant, of the West End school building, is laid up by illness and her place is supplied by Miss Amanda Johnston, a supernumerary. The schools at present are progressing most satisfactorily, and after the half yearly term the attendance has been all that can be expected, especially during the present inclement weather. There may be a few changes in rules after the meeting of the board, but these matters are at present only in embryo.

Pythians' Installation.

Silver lodge, K. of P. No. 182, held their annual installation Monday night in which the following officers were installed: C. C. L. M. Weigle; V. C. Sherd Barnett; M. of A. William Cook; M. of F. J. T. Myers; M. of E. W. G. Stewart; K. of R. and S. James Davidson; I. G. John McClair; O. G. George Arb; trustee for four years, A. S. Rogers. The lodge is enjoying the greatest prosperity and increasing in membership right along.

Propose to Go Deeper.

The oil well drilled in by a Wellsville company on the McDonald farm, near Hammondsville, yesterday, got a little showing of oil, but drilling has been resumed and they are now down 700 or 800 feet in the Big Ingun sand. They propose to go on down to the Berea grit, a distance of perhaps of 1,200 or 1,300 feet. The prospects are for a good well.

A Contractor's Caravan.

John Murphy, the C. & P. railway contractor, sent 10 or 12 teams from the grading work in the vicinity of Irondale and Hammondsville overland to Youngstown yesterday. They passed through Wellsville en route, and were accompanied by much of the camp paraphernalia, making a striking and unique caravan, and attracting great attention.

Cold Stops Work.

The purchasing agent of the C. & P. was in Wellsville yesterday paying checks for considerable amounts to Wellsville parties from whom the company purchased lands for right of way.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

UNDER date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a complication of diseases for the past 25 years.

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing.

"She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalin, which we at once commenced, and have to say it completely cured her. She firmly believes that she would have been dead only for these wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me.

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. In my rounds as a traveling man I am a walking advertisement for Peruna and have induced many people during the past year to use Peruna with the most satisfactory results. I am still cured of catarrh."

Northern Ohio Oil Interests.

W. A. Watson, of Toronto, for quite a number of years connected with the Turkeyfoot oil interests of the Standard Oil company, passed through Wellsville last night on his way to Bowling Green, near Toledo, where, in company with a number of Cleveland capitalists, he will drill a number of oil wells in that vicinity.

Exodus of Italians.

Twelve Italians left last evening for New York and will go to sunny Italy. Many have left during the past few weeks. They have been working on double tracking, gravel trains and floating section gangs along the C. & P.

WELLSVILLE SHORT STORIES.

Henry Blackburn, of Center street, has returned to College at Cleveland. J. C. McClain, a brakeman on the C. & P., has moved his family from Steubenville to Wellsville.

E. G. Burns, civil agent for the C. & P., was in town this morning on his way to Toronto and Cleveland.

Paul Menough and Miss Edna Dugan, of Main street, returned to the State university at Columbus yesterday.

Oscar Menough and wife leave today for Eustis, Florida, to spend some weeks there in search of health and recreation.

The Walker Sewer Pipe works of

the American régime are now closed down, making extensive repairs and taking stock for the new year.

Mrs. Henry Aten and daughter leave tomorrow for San Antonio, Texas, to spend about three months in that beautiful and invigorating climate. W. H. Houser, brother of Chief Houser, has just returned from a visit to his brother and sisters at Findlay, and reports a most enjoyable time.

The Wellsville Shost Athletic base ball club will hold a grand social ball in city hall on the 18th, at which it is expected many out-of-town guests will be present.

C. H. Salyers, who has been prominently engaged in the contracting business in the West End for the past few months, has moved his family and household goods to Sallatburg, Ky.

The weekly prayer service at the M. E. church will be continued next week, and Dr. Toland will be assisted by a number of prominent ministers within the confines of the East Ohio conference.

His Estimate of Froude.

Hannis Taylor, in his argument before the Alaskan boundary commission, told a story of Edward A. Froude, the English historian, whom he knew well. On one occasion, when dining with him at a hotel in St. Louis, Mr. Taylor innocently asked him, "Mr. Froude, what is your estimate of Froude as a historian?" Said Mr. Taylor: "He looked at me in a strange kind of way, and then he replied: 'I will tell you what I think about Froude. If ever you read anything he writes read it with care. Read it over and over again and fix it in your mind so that you will never forget it, for then you will know one thing for certain, and that is that by no possibility did it ever happen in that way.'"

RUSSIANS PREPARED

Ships at Vladivostock Are Said to be Clearing for Action.

OTHER ADVICES ARE PEACEFUL

St. Petersburg Cablegrams Say That Russian Reply to Japan is Very Conciliatory in Character—Peace Agreement is Expected Soon.

Tokio, Jan. 6.—The Russian reply to Japan has not yet been received. It is reported from Vladivostock that the Russian squadron there is preparing for action.

An extra edition of the Official Gazette has been issued containing army and navy orders prohibiting the publication of any reports of the movements of troops or vessels from this time on. Otherwise the Japanese authorities are not interfering with press messages.

Chefoo, Jan. 6.—Eight thousand Japanese are reported ready to land at Masampo. Their landing probably means war.

Paris, Jan. 6.—The St. Petersburg correspondent of the Paris edition of the New York Herald says he is authorized to state that Admiral Evans has been instructed not to allow the movements of his warships to be such as to encourage the construction that the United States is supporting Japan. The correspondent says that the action of the Washington government is sincerely appreciated, the conviction in high quarters being that Japan, if unsupported, will not declare war.

St. Petersburg, Jan. 6.—In her reply to Japan, Russia made great concessions and hopes her proposals will prove acceptable to Japan.

The foreign office has informed the Associated Press that instructions had been sent to Viceroy Alexieff, on which the reply was based. The latter was drawn up in the most conciliatory spirit. Some of the Japanese proposals were accepted, while others were made the subject of extended observations and were met by counter proposals.

There are strong hopes in many circles that on Thursday next, the Russian Christmas, the czar may be able to announce that peace is assured.

The flurry on the bourse is explained by bankers as being due to the annual settlement operations and they add that it was wholly uninflected by the far eastern situation.

Paris, Jan. 6.—An official dispatch sent from Tokio says the minister for foreign affairs had not received the Russian reply. The officials here conclude from this that Viceroy Alexieff is awaiting an opportune moment to present it. No direct word has been received from St. Petersburg that the reply has been forwarded, but the unofficial reports to the effect that the answer has been made are considered correct.

Cologne, Jan. 6.—According to advices received by the Cologne Gazette from St. Petersburg the terms of the Russian reply to Japan were decided upon at a council presided over by the czar and attended by the Grand Duke Vladimir and Alexis, the foreign war and marine ministers and M. Witte, president of the council of ministers. This correspondent, like others, understands that the reply renders a peaceful issue possible.

Genoa, Jan. 6.—Admiral Miri of the Japanese navy, accompanied by his staff, has arrived here to assume command of the cruisers Kasaga and Nisasa, formerly the Moreno and Rivadavia, respectively, which were built here for the Argentine government and were purchased by Japan. The admiral and his staff have gone to Pozzuoli to secure cannon for the cruisers.

Seoul, Korea, Jan. 6.—A detachment of 35 marines from the United States steamer Vicksburg, now lying at

Chemulpo, have arrived here as a guard for the American legation. Another body of 70 marines will arrive tomorrow. The United States transport Zafiro is also at Chemulpo, where Russia, Japan and Great Britain have each one man-of-war.

Quiet prevails here but the palace is heavily guarded by the Korean army.

The movements of the Japanese troops and fleet are unknown here. The attitude of the Korean government is unchanged. Solidarity is shown as to what may happen on the arrival of Japanese troops.

ANARCHY PROMPTS MURDER.

Porto Rican Workman is Killed by Labor Agitator.

San Juan, P. R., Jan. 6.—Simplicio Diaz, the foreman of a large cigar factory at Aguas Buenas, was murdered in the presence of a large crowd. The murderer was Basilio Forestier, a labor leader, who was angered at his inability to foment a strike of cigar-makers. Diaz was shot in the heart and brain and died immediately.

Forestier glories in his crime and says that it was his duty to remove Diaz. He predicts that there will be three more killings within a few days. Anarchist literature was found in Forestier's pocket, proving to the authorities that avowed anarchists are present and active in Porto Rico.

Diaz was popular and the murderer narrowly escaped summary vengeance at the hands of those who witnessed his crime.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases often of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

Former Army Officer Arrested on Charge of Bigamy.

Minneapolis, Jan. 6.—Samuel Chase Hazzard, alias Samuel Hargrave, a former officer in the army, has been arrested in this city for alleged bigamy. Coupled with the name of Hazzard or Hargrave, as he is known in local insurance circles, is that of Dr. Linda Burfield and Viva Hazzard, nee Fitzpatrick, daughter of Senator Fitzpatrick of Nevada, Iowa.

The complainant in the case is Viva Hazzard, who says he is wife No. 2. Hazzard does not deny living with Viva Fitzpatrick Hazzard in this city. He does claim, however, that he and Dr. Burfield of this city, are legally and properly married and that she is his only wife according to law.

Hazzard says that 10 years ago he had a wife in New York, but that he was legally divorced from her.

WILL SUPPORT MINERS.

National Organization Stands Behind Strikes in Two States.

Indianapolis, Jan. 6.—At a conference between the national executive board of the United Mine Workers and President John Mitchell, Vice President Lewis and Secretary Wilson it was decided that the striking miners of district 15, commonly known as the Colorado district, and the miners of West Virginia, who are striking for an increase of pay, should be supported by the national organization.

Ten thousand miners are affected by this decision in the Colorado district and about 1,000 in West Virginia district.

WELLSVILLE

UNSAFE BUILDINGS IN WELLSVILLE

Council Decides to Report Them to the State Building Inspector. Garbage Discussed.

Important action was taken on a number of questions at the city council meeting last evening. An ordinance was passed appropriating \$250 from the police fund to the general fund to meet approved bills. The city clerk was instructed to advertise for bids for street signs. He was also ordered to notify the state building inspector that few public buildings here had fire escapes and that the opera house had been condemned by council as devoid of protection. Councilman Shoub was appointed in place of Councilman O'Grady to attend the state meeting of city solicitors. An ordinance was passed to vacate an alley north and south of Highland avenue. The bill of Rinehart Bros. for a retaining wall was discussed and it was decided for council to meet the contractors January 20. Council decided to use its best endeavors to promote free delivery.

Mr. Marshall, of East Liverpool, representing Robert Burner, was before council by invitation and spoke on garbage plants. He said Butler, Pa., owed its epidemic to neglect of the garbage question. It was estimated that a plant adapted to Wellsville's needs would cost \$8,000. Mr. Burner offered to erect one for that amount and operate it for \$150 a month. No action was taken.

When Dr. W. C. Fraser, city poor doctor at a salary of \$72 per year, presented his bill for four months it was cut down to \$14. It is said Dr. Fraser refused to attend a poor patient, who, he claimed, was a county charge. Dr. Tarr was then sent and put in a bill for \$10, which was allowed. The \$10 was deducted from Dr. Fraser's salary.

Heavy Fines for Fighters.

At a hearing before Mayor Fogo last night, Q. Sharp was fined \$8.95, William Seavers, \$10 and costs, amounting to \$17, and Clarence Sharp remanded for participating in a scap in front of Adams' store, and an alleged assault on the proprietor, E. S. Adams, who, it was alleged, had informed on the parties on account of a previous scrap in front of the same store Sunday evening. Four witnesses testified to the unseemly acts of the participants and the weight of evidence showed they were guilty. Therefore Mayor Fogo administered salty fines to teach them a lesson in good order and decorum.

Schools Are Flourishing.

The board of education will meet in regular session next Monday night. There is no prospect of any weighty matters being considered. Miss Mary Grant, of the West End school building, is laid up by illness and her place is supplied by Miss Amanda Johnston, a supernumerary. The schools at present are progressing most satisfactorily, and after the half yearly term the attendance has been all that can be expected, especially during the present inclement weather. There may be a few changes in rules after the meeting of the board, but these matters are at present only in embryo.

Pythians' Installation.

Silver lodge, K. of P., No. 182, held their annual installation Monday night in which the following officers were installed: C. C. L. M. Weigle; V. C. Sherd Burnett; M. of A., William Cook; M. of F., J. T. Myers; M. of E., W. G. Stewart; K. of R. and S., James Davidson; I. G., John McClair; O. G., George Arb; trustee for four years, A. S. Rogers. The lodge is enjoying the greatest prosperity and increasing in membership right along.

Propose to Go Deeper.

The oil well drilled in by a Wellsville company on the McDonald farm, near Hammondsville, yesterday, got a little showing of oil, but drilling has been resumed and they are now down 700 or 800 feet in the Big Ingun sand. They propose to go on down to the Berea grit, a distance of perhaps of 1,200 or 1,300 feet. The prospects are for a good well.

A Contractor's Caravan.

John Murphy, the C. & P. railway contractor, sent 10 or 12 teams from the grading work in the vicinity of Irondale and Hammondsville overland to Youngstown yesterday. They passed through Wellsville en route, and were accompanied by much of the camp paraphernalia, making a striking and unique caravan, and attracting great attention.

Cold Stops Work.

The purchasing agent of the C. & P. was in Wellsville yesterday paying checks for considerable amounts to Wellsville parties from whom the company purchased lands for right of way.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

UNDER date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a complication of diseases for the past 25 years.

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing.

"She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalin, which we at once commenced, and have to say it completely cured her. She firmly believes that she would have been dead only for these wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me.

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. In my rounds as a traveling man I am a walking advertisement for Peruna and have induced many people during the past year to use Peruna with the most satisfactory results. I am still cured of catarrh."

John O. Atkinson, Independence, Mo.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

SOUTH SIDE

AN EARNEST CANVASS HAS BEEN CARRIED ON

CHESTER CITIZENS THOROUGHLY
AWAKE AS TO THE ELECTION.

Mayorality Contest Close and Interesting—Lively Races for Council Also.

On the eve of the most important election ever held in the town of Chester the situation is much the same as it was two weeks ago. The battle on this occasion is different in many respects from those previously held, in that very little noise has been made, and the voters as a rule have made up their minds what to do, and there has been no occasion for argument or agitation.

Owing to the inexperience of the participants the municipal elections heretofore held in Chester have been an occasion of much flurry and it has frequently been said that there was more of a "hurrah" than would have been necessary had there been 5,000 voters to rally. It can be said that the politicians of the Southside have learned their lesson well, and all the work done to the present has been accomplished in a quiet and business-like manner. The assertion has often been made since the present canvass was begun that there was little interest being manifested in the election to be held tomorrow. This assertion is not only misleading, but would indicate that the property owners of Chester and other voters were not loyal to their town. As a matter of fact, there has been more actual work done along political lines and the interest has been much more intense than upon the occasion of any election ever before held in the municipality. The reason for the belief that there is a lack of interest comes about in a most remarkable way, because the candidates and their friends have made their canvass and accomplished their work in a different way.

To attempt to make a prediction at this time would be undertaking an impossibility, since the candidates, especially those for mayor and recorder, have been exerting every effort for weeks and each claims his fences are as near perfection as it is possible to make them. Marshall and Mercer, opposing each other for mayor, have conducted a fair and honorable fight, and the defeated one on tomorrow's election will not say his opponent used any underhand methods to bring about his election. John Marshall has been particularly aggressive in his canvass, and his friends assert his chances are excellent; in fact, that his election is assured.

Though his opponent has been putting forth every effort to win votes, but has been seriously handicapped by his lack of experience. J. H. Maxwell has made a clean, open fight, and there is now no doubt that he will not have worked in vain. If there is any reason for this outcome in the recordership battle, the friends of Maxwell have decided the best of the argument. The town of Chester is young but progressive, and the berth of recorder is one of the most important ones in the gift of the people. A vast amount of public work has been accomplished during the present incumbent's term of office, and those who have had dealings with the official know that the affairs of the town as regards the records and other matters have been kept in a most satisfactory manner by Mr. Maxwell. His adherents are not in favor of making any experiments at this time, and he will succeed himself beyond a doubt.

In three of the five wards there are hot contests on for the position of councilman, and the result in each will be in doubt until the very last vote is counted.

M'CUTCHEON BLOCK

The New Building Completed And Will Be Ready for Occupancy This Week.

The new McCutcheon building at the corner of Virginia avenue and Second street is about completed and will be ready for occupancy within the week. Mr. McCutcheon, who will occupy the main business room, is making preparations to move his drug store to the new location. The block is one of the best and most convenient in the town and in addition to the down stairs business room is arranged that the upper floors can be utilized as office apartment.

Attorney Robert Brown, who a short time ago completed his legal course at the University of West Virginia, will occupy the front office room on the second floor. His furniture has been ordered and the office will be opened within a few days.

PRINCE CUPID IN JAIL.

Territorial Delegate from Hawaii
Rides in the "Black Maria."

Washington, Jan. 6.—Jonah K. Kalanihale (Prince Cupid), the Hawaiian delegate in congress, appeared in police court on the charge of disorderly conduct and his case was continued until Thursday. He had an altercation with a man named Charles Clark over a personal matter and when the police interfered stated that he stood on his rights as a member of congress and his case was continued until Thursday. He had an altercation with a man named Charles Clark over a personal matter and when the police interfered stated that he stood on his rights as a member of congress and his case was continued until Thursday.

He spent the night in a cell and was taken in the "Black Maria" to court, where he was given the usual prison fare of coffee and sandwiches. Efforts were again made to have him sent for friends to arrange the matter, but he insisted on a trial, and the case was continued.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bolger.

EAST END

REPORT WILL BE
PARTLY FAVORABLE

Inspector Craighead Will Recommend
Extension of Carrier System
in Part of East End.

As a result of the petitions from the citizens of the East End asking the post-office department to extend the carrier system, Inspector Charles W. Craighead, of Coshoccon, visited the city yesterday and accompanied by local postoffice officials, made an inspection of the territory. Inspector Craighead, accompanied by Will Baird, of the East End station, visited the entire section yesterday afternoon and in the evening Inspector Craighead met a number of those interested at the East End station. The matter was generally discussed.

It is understood that the inspector gave every assurance that his report would be favorable to a certain extent. He found that the carrier system can be extended in compliance with the rules of the department as far east as Central avenue, and west to Bellock street, the pavements and house numbers being such as to come within the requirements. It is feared, however, that his report on the vast territory east of the avenue named will be adverse and it was stated this morning that he advised the petitioners to ask for either a rural route or another sub-station to serve that district. East of Central avenue, which intersects Pennsylvania avenue near the western end of Columbian park, there are no paved walks and the houses are not numbered.

Among the residents of the extreme East End present at the meeting last night was Daniel J. Smith, president of the East End Improvement association. They will insist that the carrier system be established and not until the department rejects the request will they try for other relief. It has been suggested that another sub-station be established at the intersection of Elizabeth avenue and the railroad or that a rural route from Station A be established. The latter plan would give one free delivery a day and would include the people in Calhoun's addition and Dixonville.

Dangerously Ill.

The many friends of Mr. William Hester and family, formerly residents of Mulberry street, but now living at Empire, will be pained to learn that his five-year-old daughter, Annie, is in a precarious condition. She has been suffering with spinal meningitis for several weeks and it is feared that death will result.

Suffering in Outlying Districts.

There has been considerable suffering in the sections of the East End not reached by the gas mains. The people burn coal for fuel and delivery of the fuel from the banks in the neighborhood has been greatly retarded owing to the almost impassable condition of the roads.

EAST END AFFAIRS.

Miss Marie Bryan, of New Baltimore, is visiting her aunt, Mrs. S. R. Dixon, of St. George street.

A sleighing party composed of about 15 East End young people visited the home of George Thompson, of Little Beaver, last night.

Conductor Frank Jackman, of the East Liverpool line, returned to work yesterday morning after being off duty almost a month owing to illness.

J. M. Buckle, the jeweler, one of the latest recruits of the army of benefactors, has gone to housekeeping in comfortable rooms on Mulberry street.

H. S. Geer, of Mulberry street, the well known bricklayer, has returned from Freeport, where he has been working and will remain here until the weather moderates.

The recently elected officers of Local No. 52, Amalgamated Association of Street Railway Employees, will be installed at the meeting to be held Saturday night, January 23.

FROM LAST TO FIRST

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed.

Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

Hanna at Chicago Makes Arrangements for Big Convention.

Chicago, Jan. 6.—Senator Hanna, chairman of the national Republican committee, last night attended a conference here on the plans for the national Republican convention. Harry S. New, secretary of the sub-committee of the national executive committee, came from Indianapolis to meet Senator Hanna. National Committee-man Graeme Stewart and Samuel Raymond, chairman of the local committee in charge of the arrangements, took part.

Mr. Stewart and Mr. Raymond assured Chairman Hanna and Mr. New that the coliseum would be in readiness for the convention on June 21. The special committee, which, in addition to Chairman Hanna and Mr. New, comprises Senator Scott of West Virginia, H. C. Payne of Wisconsin and R. B. Schneider of Nebraska, will meet here Feb. 5. Senator Hanna is suffering from a slight attack of grip.

Member of Diet Murdered.

POWELL'S TEAM
WON THE SERIES

Imperial Alleys Scene of Another Interesting Bowling Match Last Night.

Another interesting bowling match was witnessed on the Imperial alleys last evening, the contesting teams being captained by Powell and Rigby. The former bunch won two of the three games of the series. Powell made the highest score, 190 and Williams got out with the best average, 171. Duck bowling will commence this evening when Brunt's team will do battle with the crack team of Wellsville. The individual scores of last night follow:

Powell's team—Powell, 129, 178, 190; Logan, 165, 170, 131; Litten, 131, 113, 145; McEride, 168, 87, 133; Rose, 113, 138, 142.

Rigby's team—Williams, 161, 169, 83; Heddleston, 112, 136, 119; Wells, 129, 147, 122; Llewellyn, 149, 168, 159; Evanicka, 121, 122, 126.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be averted by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get it. It always cures. Sold by Alvin H. Selger.

MRS. HELENA BLAV,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worth out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

Any woman who is silently suffering to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

A million suffering women have found relief in Wine of Cardui.

EAST END

REPORT WILL BE PARTLY FAVORABLE

Inspector Craighead Will Recommend Extension of Carrier System in Part of East End.

As a result of the petitions from the citizens of the East End asking the postoffice department to extend the carrier system, Inspector Charles W. Craighead, of Coshocton, visited the city yesterday and accompanied by local postoffice officials, made an inspection of the territory. Inspector Craighead, accompanied by Will Baird, of the East End station, visited the entire section yesterday afternoon and in the evening Inspector Craighead met a number of those interested at the East End station. The matter was generally discussed.

It is understood that the inspector gave every assurance that his report would be favorable to a certain extent. He found that the carrier system can be extended in compliance with the rules of the department as far east as Central avenue, and west to Belleek street, the pavements and house numbers being such as to come within the requirements. It is feared, however, that his report on the vast territory east of the avenue named will be adverse and it was stated this morning that he advised the petitioners to ask for either a rural route or another substitution to serve that district. East of Central avenue, which intersects Pennsylvania avenue near the western end of Columbian park, there are no paved walks and the houses are not numbered.

Among the residents of the extreme East End present at the meeting last night was Daniel J. Smith, president of the East End Improvement association. They will insist that the carrier system be established and not until the department rejects the request will they try for other relief. It has been suggested that another sub-station be established at the intersection of Elizabeth avenue and the railroad or that a rural route from Station A be established. The latter plan would give one free delivery a day and would include the people in Calhoun's addition and Dixon's.

Dangerously Ill.
The many friends of Mr. William Hester and family, formerly residents of Mulberry street, now living at Empire, will be pained to learn that his five-year-old daughter, Annie, is in a precarious condition. She has been suffering with spinal meningitis for several weeks and it is feared that death will result.

Suffering in Outlying Districts.
There has been considerable suffering in the sections of the East End not reached by the gas mains. The people burn coal for fuel and delivery of the fuel from the banks in the neighborhood has been greatly retarded owing to the almost impassable condition of the roads.

EAST END AFFAIRS.
Miss Marie Bryan, of New Baltimore, is visiting her aunt, Mrs. S. R. Dixon, of St. George street.

A sleighing party composed of about 15 East End young people visited the home of George Thompson, of Little Beaver, last night.

Conductor Frank Jackman, of the East Liverpool line, returned to work yesterday morning after being off duty almost a month owing to illness.

J. M. Buckle, the jeweler, one of the latest recruits of the army of benefactors, has gone to housekeeping in comfortable rooms on Mulberry street.

H. S. Geer, of Mulberry street, the well known bricklayer, has returned from Freeport, where he has been working and will remain here until the weather moderates.

The recently elected officers of Local No. 52, Amalgamated Association of Street Railway Employees, will be installed at the meeting to be held Saturday night, January 23.

FROM LAST TO FIRST

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed. Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

Hanna at Chicago Makes Arrangements for Big Convention.
Chicago, Jan. 6.—Senator Hanna, chairman of the national Republican committee, last night attended a conference here on the plans for the national Republican convention. Harry S. New, secretary of the sub-committee of the national executive committee, came from Indianapolis to meet Senator Hanna. National Committee-man Graeme Stewart and Samuel Raymond, chairman of the local committee in charge of the arrangements, took part.

Mr. Stewart and Mr. Raymond assured Chairman Hanna and Mr. New that the coliseum would be in readiness for the convention on June 21. The special committee, which, in addition to Chairman Hanna and Mr. New, comprises Senator Scott of West Virginia, H. C. Payne of Wisconsin and R. B. Schneider of Nebraska, will meet here Feb. 5. Senator Hanna is suffering from a slight attack of grip.

Member of Diet Murdered.
Budapest, Jan. 6.—Paul Bremits, a liberal member of the Hungarian Diet, was murdered at Nagy Kikinda by two peasants. He was shot and beaten to death with iron bars. The motive was revenge for the loss of a lawsuit brought by the father of the murderers against Herr Bremits.

POWELL'S TEAM WON THE SERIES

Imperial Alleys Scene of Another Interesting Bowling Match Last Night.

Another interesting bowling match was witnessed on the Imperial alleys last evening, the contesting teams being captained by Powell and Rigby. The former bunch won two of the three games of the series. Powell made the highest score, 190 and Williams got out with the best average, 171. Duck bowling will commence this evening when Brunt's team will go to battle with the crack team of Wellsville. The individual scores of last night follow:

Powell's team—Powell, 129, 178, 190; Logan, 165, 170, 131; Litten, 131, 113, 145; McEride, 168, 87, 133; Rose, 113, 138, 142.
Rigby's team—Williams, 161, 169, 83; Hedderston, 112, 136, 119; Wells, 129, 147, 122; Llewellyn, 149, 168, 159; Evanitcka, 121, 122, 126.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be averted off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. LEGAL NOTICE

The State of Ohio, Columbiana County, ss.
East Liverpool, Ohio, Dec. 8, 1902.
Notice is hereby given that the Church of Christ of East Liverpool, a religious corporation duly organized under the laws of the state of Ohio, and located at the city of East Liverpool, Columbiana county, Ohio, did, on the third day of December, A. D. 1902, file in the Common Pleas Court of said Columbiana county, Ohio, a petition praying for authority to incur, by mortgage, the following described premises, to-wit:

Situated in the city of East Liverpool, county of Columbiana, and state of Ohio, and known as and being the northwesterly part of lot number one thousand five hundred and eighty (No. 1,580), as said lot is numbered and distinguished on the recorded plat of Josiah Thompson's Third Addition to said city of East Liverpool; said part of said lot is bounded and more specifically described as follows, to-wit: Beginning at a point in the southerly line of lot number one thousand five hundred and seventy-nine (No. 1,579); thence extending, in a line parallel with the northwesterly line of lot number one thousand five hundred and eighty-two (No. 1,582) and fifty feet (50 ft.) distant northeasterly therefrom, to Robinson street; thence extending, with Robinson street, westerly thirty-eight feet (38 ft.) to Elm street; thence extending, with the easterly side of Elm street, northwesterly forty-one and sixty hundredths feet (41.60 ft.) to the northwesterly corner of said lot number 1,580; thence extending, with the southerly line of lot number 1,572, easterly to the place of beginning.

Said incumbrance shall be given to such corporation or person as shall tend to said church an amount of money not to exceed the sum of one thousand five hundred dollars (\$1,500.00), and shall be given to secure the payment thereof.

Said petition will be for hearing on and after the ninth day of January, A. D. 1903.

MRS. HELENA BLAV,
Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their chance to health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her

WARNING WAS GIVEN

Asbestos Curtain Refused to Work at Fire Previous to Fatal One.

ALL PROTESTS WENT UNHEEDED

More Evidence of Damaging Character Is Given Against Management of Ill-Fated Theater—Prudence Would Have Saved Many Lives.

Chicago, Jan. 6.—Evidence showing grosser criminal negligence than anything previously developed was given under oath in the fire department investigation of the Iroquois theater.

Joseph Dougherty, who had charge of the curtain, swore that two weeks ago during a matinee performance there was a fire on the stage and that when he attempted to lower the asbestos curtain it was stopped by the same obstruction that prevented its operation the fatal afternoon.

The curtain manager declares that he protested at that time, but that no attention was paid to his warning. In his opinion, if the curtain had been run down during the fatal matinee the lives of many if not all the victims of the disaster might have been saved. It was only by the merest chance that a panic was averted as the result of the first fire. The skylight at that time, he said, was securely closed.

The special committee of the city council appointed to investigate the condition of the local theaters and to report upon what alterations are necessary to make them conform to the building ordinances held its first meeting.

According to the statement of Alderman Friestedt, one of the members of the committee, it is doubtful if 35 per cent of the theaters ever reopen their doors. Strict adherence to the building laws would require that every one of the playhouses in the city be of fireproof construction, and this would require the demolition and rebuilding of the majority of the theaters.

Alderman Jones, chairman of the committee, said: "We will first revise the building ordinances. Then we will visit the theaters and decide what alterations will be necessary to make the construction of the houses conform to the law. Of course the owners of the theaters will do nothing until they know just exactly what the amended ordinances will demand of them, but they will be obliged to reconstruct their theaters to conform with the ordinances we are going to prepare."

Alderman Friestedt declared: "Some of the leading theaters in Chicago cannot conform to the ordinances unless they are entirely rebuilt, and they may find it too expensive to make the changes."

The attorneys of the fire department caused the arrest of four employees of the Fuller Construction company, David Jones, a masonry foreman, and Angus McKay, Otto Rausch and John Kingston, iron workers.

It had been charged that Jones and his men broke the skylights on the theater after the fire in order to destroy possible evidence. It developed after the arrest of Jones and his men that the skylights were blocked by scantlings and tied with wire to prevent their opening and that neither of them had been opened since the theater was built. Jones said:

"I took the three ironworkers with me up through an adjoining building and out upon the theater roof over the stage. First, I removed the wooden scantlings which blocked the skylights. Then I found the lights tied with wire inside and broke two panes of glass to get at the wires to untie them. I finally got the wires off and opened the lights."

Jones was asked why he went to the roof of the theater, and replied that he had been told that the north wall had been cracked in the fire and went to see if it was true. He declared he had loosened the skylights because he feared they might fall through and injure somebody on the stage.

"Why did you take three ironworkers with you to inspect a brick wall?" asked Attorney Fulkerson of the fire department.

Jones was confused, but finally answered that the men went with him through curiosity. He admitted that the ironworkers helped him open the skylights and worked with him about the roof for half an hour. Although he said he went to the theater of his own accord and without orders from the Fuller Construction company, he admitted that he should have been in another building where he had been working.

When asked how he was going to explain to the company that employed him why he had taken three of their employees and kept them with him for practically an hour in order to satisfy his curiosity, Jones could make no satisfactory reply.

KNAPP GIVEN NEW TRIAL

Alleged Murderer of Five Persons Gets Another Chance.

Hamilton, O., Jan. 6.—Alfred A. Knapp, self-confessed murderer of five persons, in penitentiary at Columbus awaiting execution for murder of his wife, has been granted a new trial by Judge Swing.

The principal ground on which the new trial was granted was alleged error in allowing Knapp's written confession of five murders to be read to the jury. The court held that while the part relating to the murder of his wife was admissible, it was not admissible in connection with the recital of other crimes. The court said: "The confession of so many cold-blooded crimes could be the work of only a fiend or a maniac, and it could not fall to prejudice any person who heard it read."

The court held that the state had failed to prove the allegation in the indictment that Knapp had killed his wife by choking and strangling and that it had not been shown how she came by her death.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly it doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any symptoms are felt. The blood is the first point of attack, and the poisonous acids that cause the aches and pains are then distributed through the circulation to different parts of the system, and settle in joints, muscles and nerves; and when the system is in this condition it needs only some exciting cause like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acid matter in the joints and muscles. Some people are almost helpless from the first, while others have occasional spells, or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form. It grows worse as we grow older, and frequently stiffens the joints, draws the muscles out of shape, and breaks down the nervous system. A disease that originates in the blood, as Rheumatism does, cannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medicine accomplishes this in so short a time as S.S.S., which not only neutralizes the acids and counteracts the poisons, but builds up the general health at the same time.

Write for our special book on Rheumatism, and should you desire any special information or advice, our physicians will furnish it without charge.

The Story of Uneeda Biscuit

We never tire of telling the story of Uneeda Biscuit. Uneeda Biscuit are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption made it well worth while to make the best soda cracker that could be made, and to place it on the table as good as it had been made.

To do the first required the selection of the best materials and the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of broader minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was a beautiful royal purple and white package—that kept out the air, moisture and dust; that retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table.

To-day, nearly three hundred million packages of Uneeda Biscuit have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of Uneeda Biscuit. Some day we will tell it over again for the benefit of those who are still "in the habit" of buying stale and broken crackers in a paper bag, when they can get Uneeda Biscuit whole, fresh and clean in an air-tight package.

WARNING WAS GIVEN

Asbestos Curtain Refused to
Work at Fire Previous
to Fatal One.

ALL PROTESTS WENT UNHEEDED

More Evidence of Damaging Charac-
ter Is Given Against Management
of Ill-Fated Theater—Prudence
Would Have Saved Many Lives.

Chicago, Jan. 6.—Evidence show-
ing grosser criminal negligence than
anything previously developed was
given under oath in the fire depart-
ment investigation of the Iroquois
theater.

Joseph Dougherty, who had charge
of the curtain, swore that two weeks
ago during a matinee performance
there was a fire on the stage and that
when he attempted to lower the as-
bestos curtain it was stopped by the
same obstruction that prevented its
operation the fatal afternoon.

The curtain manager declares that
he protested at that time, but that no
attention was paid to his warning.
In his opinion, if the curtain had been
run down during the fatal matinee
the lives of many if not all the vic-
tims of the disaster might have been
saved. It was only by the merest
chance that a panic was averted as
the result of the first fire. The sky-
light at that time, he said, was se-
curely closed.

The special committee of the
city council appointed to investigate
the condition of the local theaters and
to report upon what alterations are
necessary to make them conform to
the building ordinances held its first
meeting.

According to the statement of Al-
derman Friestedt, one of the members
of the committee, it is doubtful if 35
per cent of the theaters ever reopen
their doors. Strict adherence to the
building laws would require that every
one of the playhouses in the city be
of fireproof construction, and this
would require the demolition and re-
building of the majority of the thea-
ters.

Alderman Jones, chairman of the
committee, said: "We will first re-
vise the building ordinances. Then we
will visit the theaters and decide
what alterations will be necessary to
make the construction of the houses
conform to the law. Of course the
owners of the theaters will do nothing
until they know just exactly what the
amended ordinances will demand of
them, but they will be obliged to re-
construct their theaters to conform
with the ordinances we are going to
prepare."

Alderman Friestedt declared: "Some
of the leading theaters in Chicago
cannot conform to the ordinances un-
less they are entirely rebuilt, and they
may find it too expensive to make the
changes."

The attorneys of the fire depart-
ment caused the arrest of four em-
ployees of the Fuller Construction com-
pany, David Jones, a masonry fore-
man, and Angus McKay, Otto Rausch
and John Kingston, iron workers.
It had been charged that Jones and
his men broke the skylights on the
theater after the fire in order to de-
stroy possible evidence. It developed
after the arrest of Jones and his men
that the skylights were blocked by
scantlings and tied with wire to pre-
vent their opening and that neither of
them had been opened since the thea-
ter was built. Jones said:

"I took the three ironworkers with
me up through an adjoining building
and out upon the theater roof over
the stage. First, I removed the
wooden scantlings which blocked the
skylights. Then I found the lights
tied with wire inside and broke two
panes of glass to get at the wires to
untie them. I finally got the wires
off and opened the lights."

Jones was asked why he went to
the roof of the theater, and replied
that he had been told that the north
wall had been cracked in the fire and
went to see if it was true. He de-
clared he had loosened the skylights
because he feared they might fall
through and injure somebody on the
stage.

"Why did you take three ironwork-
ers with you to inspect a brick wall?"
asked Attorney Fulkerson of the fire
department.

Jones was confused, but finally an-
swered that the men went with him
through curiosity. He admitted that
the ironworkers helped him open the
skylights and worked with him about
the roof for half an hour. Although
he said he went to the theater of his
own accord and without orders from
the Fuller Construction company, he
admitted that he should have been in
another building where he had been
working.

When asked how he was going to
explain to the company that employed
him why he had taken three of their
employees and kept them with him for
practically an hour in order to satisfy
his curiosity, Jones could make no
satisfactory reply.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly it doesn't
prove that it is a chance disease or one due to accidental causes. It
takes time for it to develop, and is at work in the system long before
any symptoms are felt. The blood is the first point of attack, and
the poisonous acids that cause the aches and pains are then distrib-
uted through the circulation, to different parts of the system, and
settle in joints, muscles and nerves; and when the system is in this
condition it needs only some exciting cause like exposure to night air,
damp, chilly weather, or the cold, bleak winds of winter, to arouse
the slumbering poisons and bring on Rheumatism. The severity
of the attack depends upon the amount of acid in the blood and the
quantity of acid matter in the joints and muscles. Some people
are almost helpless from the first, while others have occa-
sional spells, or are uncomfortable, restless, nervous and half
sick all the time from the nagging aches and pains. Rheu-
matism is a disagreeable com-
panion even in its mildest form.
It grows worse as we grow older,
and frequently stiffens the joints,
draws the muscles out of shape,
and breaks down the nervous
system. A disease that origi-
nates in the blood, as Rheumatism
does, cannot be cured with ex-
ternal remedies like liniments and plasters; such things scatter the
pains or drive them to some other part of the body, but do not touch
the disease or improve the condition of the blood. The thin acid
blood must be restored to its normal
purity and strength, so that all poi-
sonous substances may be carried out
of the system, and no medicine accom-
plishes this in so short a time as S. S. S.,
which not only neutralizes the acids
and counteracts the poisons, but builds
up the general health at the same time.

tacked. It became swollen and of course
painful. The next point to be affected
was the hip and ankle, which gave me
much trouble. I was barely able to get
about for some time. I was under treat-
ment of a physician for awhile, but get-
ting no better I began S. S. S., and after

The Story of

Uneeda Biscuit

We never tire of telling the story of **Uneeda Biscuit**.

Uneeda Biscuit are the result of two ideas. That soda crackers could be made better
than they had ever been made before. That it was possible to convey them to the home fresh,
crisp and clean.

The importance of the soda cracker as an article of daily consumption made it well worth
while to make the best soda cracker that could be made, and to place it on the table as good as
it had been made.

To do the first required the selection of the best materials and the highest skill. To do
the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker
good. That people were satisfied to eat them stale, as they had been in the habit of doing.
And so it fell to the lot of broader minds to do this unheard of thing—to keep a soda cracker
good until eaten.

The result was a beautiful royal purple and white package—that kept out the air, moisture
and dust; that retained the natural flavor of the biscuit, keeping it crisp and fresh until it
reached the table.

To-day, nearly three hundred million packages of **Uneeda Biscuit**
have been consumed by the thoughtful people of this country and the
demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it
over again for the benefit of those who are still "in the habit" of buying
stale and broken crackers in a paper bag, when they can get **Uneeda
Biscuit** whole, fresh and clean in an air-tight package.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

A Growing Organization—St. Stephen's Social club now has 75 members, 35 having been initiated last night. The club will move this week to its new quarters in the old Potters' bank building.

Joint Installation—The Sons of Veterans at their meeting last night arranged for the installation Friday evening of G. A. R., W. R. C. and S. of V. officers, who will be jointly installed on that date.

Farmer is All Right—William Farmer, who was reported to the township trustees as being destitute, was in town this morning and declared that instead of being either hungry or cold, he was well fixed for the winter. He is living on Dry Run in the East End.

Lutheran Meetings—The regular monthly meeting of the Mission League of St. John's Evangelical Lutheran church will be held this evening at 7:30. After the close there will be a special meeting of the teachers of the Sunday school, to lay plans for the work of the coming year and to arrange for the reorganization of classes.

Interesting Papers Read—The meeting held last evening by the Young Woman's Foreign Missionary society of the First M. E. church was very interesting. The subject of one paper was, "Concerning Evangelization," and was read by Miss Mame Bucher. "What One Girl Has Done" was the topic of Miss Bertha Crawford's paper. The business session was conducted by the president, Miss Martha Calhoun.

NEW YORK LIFE'S YEAR

Annual Report Shows an Increase of \$30,000,000 in the Company's Assets.

It is stated in the report of the New York Life Insurance company for 1903 that the company's assets are \$352,652,000—an increase of \$30,000,000 during the year, although a new rule has been adopted of not taking credit in securities for the market values at the close of the year over the cost values—an excess of \$2,000,000.

The new paid-for business is \$326,000,000, an increase of more than \$23,000,000 over the business of 1902. The total paid-for insurance in force exceeds \$1,745,000,000, a gain of \$191,000,000 over the previous year. The gain in income over 1902 was \$9,000,000. The policy reserves were increased \$32,000,000, and the dividends to policy holders were \$5,500,000, an increase in dividends of \$1,300,000 in the year.

The total government, state, municipal and other bond holdings exceed \$250,000,000, and no single bond in the list is in default of interest. No stocks of any kind are invested in or loaned upon under the company's by-laws.

The company's new business, outstanding business, premium income, total income, and its number of policy holders largely exceed the same items of every other life insurance company. The New York State paid-for new insurance of 1903 was more than \$41,000,000, and the total New York state insurance in force was \$260,000,000.

The company's dividend to policy holders, to be declared at the January meeting will be more than \$6,000,000.

Next Meeting in Salem.

Lisbon, January 6.—(Special.)—The next regular meeting of the Columbiana County Medical Society will be held in the city hall in Salem, Tuesday, January 12, at 10 o'clock. Several papers will be read and clinical cases will be considered. Some contemplated changes in the by-laws will also be acted upon.

SOUTH SIDE

AN EARNEST CANVASS HAS BEEN CARRIED ON

CHESTER CITIZENS THOROUGHLY AWAKE AS TO THE ELECTION.

Mayorality Contest Close and Interesting—Lively Races for Council Also.

On the eve of the most important election ever held in the town of Chester the situation is much the same as it was two weeks ago. The battle on this occasion is different in many respects from those previously held, in that very little noise has been made, and the voters as a rule have made up their minds what to do, and there has been no occasion for argument or agitation.

Owing to the inexperience of the participants the municipal elections heretofore held in Chester have been an occasion of much flurry and it has frequently been said that there was more of a "hurrah" than would have been necessary had there been 5,000 voters to rally. It can be said that the politicians of the Southside have learned their lesson well, and all the work done to the present has been accomplished in a quiet and business-like manner. The assertion has often been made since the present canvass was begun that there was little interest being manifested in the election to be held tomorrow. This assertion is not only misleading, but would indicate that the property owners of Chester and other voters were not loyal to their town. As a matter of fact, there has been more actual work done along political lines and the interest has been much more intense than upon the occasion of any election ever before held in the municipality. The reason for the belief that there is a lack of interest comes about in a most remarkable way, because the candidates and their friends have made their canvass and accomplished their work in a different way. To attempt to make a prediction at this time would be undertaking an impossibility, since the candidates, especially those for mayor and recorder, have been exerting every effort for weeks and each claims his fences are as near perfection as it is possible to make them. Marshall and Mercer, opposing each other for mayor, have conducted a fair and honorable fight, and the defeated one on tomorrow's election will not say his opponent used any underhand methods to bring about his election. John Marshall has been particularly aggressive in his canvass, and his friends assert his chances are excellent; in fact, that his election is assured.

Though his opponent has been putting forth every effort to win votes, but has been seriously handicapped by his lack of experience. J. H. Maxwell has made a clean, open fight, and there is now no doubt that he will not have worked in vain. If there is any reason for this outcome in the recordership battle, the friends of Maxwell have decided the best of the argument.

The town of Chester is young but progressive, and the berth of recorder is one of the most important ones in the gift of the people. A vast amount of public work has been accomplished during the present incumbency of term of office, and those who have had dealings with the official know that the affairs of the town as regards the records and other matters have been kept in a most satisfactory manner by Mr. Maxwell. His adherents are not in favor of making any experiments at this time, and he will succeed himself beyond a doubt.

In three of the five wards there are hot contests on for the position of councilman, and the result in each will be in doubt until the very last vote is counted.

M'CUTCHEON BLOCK

The New Building Completed And Will Be Ready for Occupancy This Week.

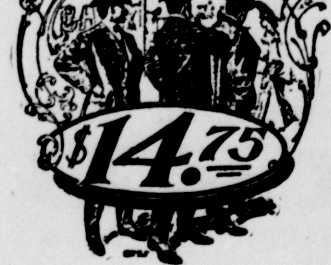

The new McCutcheon building at the corner of Virginia avenue and Second street is about completed and will be ready for occupancy within the week. Mr. McCutcheon, who will occupy the main business room, is making preparations to move his drug store to the new location. The block is one of the best and most convenient in the town and in addition to the down stairs business room is arranged that the upper floors can be utilized as office apartment.

Attorney Robert Brown, who a short time ago completed his legal course at the University of West Virginia, will occupy the front office room on the second floor. His furniture has been ordered and the office will be opened within a few days.

Territorial Delegate from Hawaii Rides in the "Black Maria."

Washington, Jan. 6.—Jonah K. Kalanialoe (Prince Cupid), the Hawaiian delegate in congress, appeared in police court on the charge of disorderly conduct and his case was continued until Thursday. He had an altercation with a man named Charles Clark over a personal matter and when the police interfered stated that he stood on his rights as a member of congress and was immune from arrest. He and Clark were taken into custody and when advised at the police station to leave collateral or send for his friends he declined on the ground that he was not subject to arrest.

He spent the night in a cell and was taken in the "Black Maria" to court, where he was given the usual prison fare of coffee and sandwiches. Efforts were again made to have him send for friends to arrange the matter, but he insisted on a trial, and the case was continued.

PRINCE CUPID IN JAIL.

Territorial Delegate from Hawaii Rides in the "Black Maria."

Washington, Jan. 6.—Jonah K. Kalanialoe (Prince Cupid), the Hawaiian delegate in congress, appeared in police court on the charge of disorderly conduct and his case was continued until Thursday. He had an altercation with a man named Charles Clark over a personal matter and when the police interfered stated that he stood on his rights as a member of congress and was immune from arrest. He and Clark were taken into custody and when advised at the police station to leave collateral or send for his friends he declined on the ground that he was not subject to arrest.

He spent the night in a cell and was taken in the "Black Maria" to court, where he was given the usual prison fare of coffee and sandwiches. Efforts were again made to have him send for friends to arrange the matter, but he insisted on a trial, and the case was continued.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.
